## SUMMARY OF BENEFITS

**YOUR EMPLOYER HAS AGREED TO BE SUBJECT TO THE TERMS AND CONDITIONS OF ANTHEM'S PROVIDER AGREEMENTS WHICH MAY INCLUDE PRECERTIFICATION AND UTILIZATION MANAGEMENT REQUIREMENTS, TIMELY FILING LIMITS, AND OTHER REQUIREMENTS TO ADMINISTER THE BENEFITS UNDER THIS PLAN.**

**THE BENEFITS OF THIS CERTIFICATE ARE PROVIDED ONLY FOR SERVICES WHICH ARE CONSIDERED TO BE MEDICALLY NECESSARY. THE FACT THAT A PHYSICIAN PRESCRIBES OR ORDERS THE SERVICE DOES NOT, IN ITSELF, MAKE IT MEDICALLY NECESSARY OR COVERED.**

This summary provides a brief outline of your benefits. You need to refer to the entire certificate for complete information about the benefits, conditions, limitations and exclusions of your *plan*.

**Mental Health Parity and Addiction Equity Act.** The Mental Health Parity and Addiction Equity Act requires that the financial requirements and treatment limitations imposed on mental health and substance use disorder (MH/SUD) benefits cannot be more restrictive than the predominant financial requirements and treatment limitations that apply to substantially all medical and surgical benefits in the same classification or sub-classification.

The Mental Health Parity and Addiction Equity Act provides for parity in the application of aggregate treatment limitations (day or visit limits) on mental health and substance abuse benefits with day or visit limits on medical and surgical benefits. In general, group health plans offering mental health and substance abuse benefits cannot set day/visit limits on mental health or substance abuse benefits that are lower than any such day or visit limits for medical and surgical benefits. A plan that does not impose day or visit limits on medical and surgical benefits may not impose such day or visit limits on mental health and substance abuse benefits offered under the Plan.

The Mental Health Parity and Addiction Equity Act also provides for parity in the application of nonquantitative treatment limitations (NQTL). An example of a nonquantitative treatment limitation is a precertification requirement.

Medical Necessity criteria and other plan documents showing comparative criteria, as well as the processes, strategies, evidentiary standards, and other factors used to apply an NQTL are available upon request.

See the “Summary of Benefits” and “Benefits for Mental Health Conditions and Substance Abuse” sections for cost share and benefit information.

**Second Opinions.** If you have a question about your condition or about a plan of treatment which your *physician* has recommended, you may receive a second medical opinion from another *physician*. This second opinion visit will be provided according to the benefits, limitations, and exclusions of this *plan*.

**Reproductive Health Care Services.** Some *hospitals* and other providers do not provide one or more of the following services that may be covered under your *plan* contract and that you or your family member might need: family planning; contraceptive services, including emergency contraception; sterilization, including tubal ligation at the time of labor and delivery; infertility treatments; or abortion. You should obtain more information before you enroll. Call your prospective *physician* or clinic, or call us at the member services telephone number listed on your ID card to ensure that you can obtain the health care services that you need.

**After Hours Care.** After hours care is provided by your *physician* who may have a variety of ways of addressing your needs. You should call your *physician* for instructions on how to receive medical care after their normal business hours, on weekends and holidays, or to receive non-emergency care and non-urgent care within the service area for a condition that is not life threatening but that requires prompt medical attention. If you have an emergency, call 911 or go to the nearest emergency room.

**Telehealth.** This *plan* provides benefits for covered services that are appropriately provided through telehealth, subject to the terms and conditions of the *plan*. In-person contact between a health care provider and the patient is not required for these services, and the type of setting where these services are provided is not limited. “Telehealth” is the means of providing health care services using information and communication technologies in the consultation, diagnosis, treatment, education, care management and self-management of a patient’s physical and mental health care when the patient is located at a distance from the health care provider. Telehealth does not include consultations between the patient and the health care provider, or between health care providers, by telephone, facsimile machine, electronic mail or *chat therapy*.

**All benefits are subject to coordination with benefits under certain other plans.**

The benefits of this <i>plan</i> may be subject to the REIMBURSEMENT FOR ACTS OF THIRD PARTIES section.

## YOUR MEDICAL BENEFITS

### MAXIMUM ALLOWED AMOUNT

#### General

This section describes the term “*maximum allowed amount*” as used in this Certificate of Insurance, and what the term means to you when obtaining covered services under this plan. The *maximum allowed amount* is the total reimbursement payable under your plan for covered services you receive. It is our payment towards the service billed by a *hospital, physician or other health care provider* combined with any Deductible or Co-payment owed by you. In some cases, you may be required to pay the entire *maximum allowed amount*. For instance, if you have not met your Deductible under this plan, then you could be responsible for paying the entire *maximum allowed amount* for covered services. You may be billed by the *physician, hospital or other health care provider* for the difference between their charges and our *maximum allowed amount*. In many situations, this difference could be significant.

When you receive covered services, we will, to the extent applicable, apply claim processing rules to the claim submitted. We use these rules to evaluate the claim information and determine the accuracy and appropriateness of the procedure and diagnosis codes included in the submitted claim. Applying these rules may affect the *maximum allowed amount* if we determine that the procedure and/or diagnosis codes used were inconsistent with procedure coding rules and/or reimbursement policies. For example, if your *physician* submits a claim using several procedure codes when there is a single procedure code that includes all of the procedures that were performed, the *maximum allowed amount* will be based on the single procedure code.

**Type of Provider.** For covered services performed by a *physician, hospital, or other health care provider*, the *maximum allowed amount* for this *plan* will be based on the applicable Anthem Blue Cross rate or fee schedule for this plan, an amount negotiated by us or a third party vendor which has been agreed to by the *physician, hospital or other health care provider*, an amount derived from the total charges billed, an amount based on information provided by a third party vendor, or an amount based on reimbursement or cost information from the Centers for Medicare and Medicaid Services (“CMS”). When basing the *maximum allowed amount* upon the level or method of reimbursement used by CMS, Anthem Blue Cross Life and Health will update such information, which is unadjusted for geographic locality, no less than annually.

Providers who are contracted for other products with us may have provisions in their contracts that affect the *maximum allowed amount* for this *plan* and for other products for which they are not contracted. For this *plan*, the *maximum allowed amount* for services from these providers will be one of the methods shown above unless the contract between us and that provider specifies a different amount.

*Physicians, hospitals, and other health care providers* may send you a bill and collect for the amount of the *physician's, hospital's, or other health care provider's* charge that exceeds our *maximum allowed amount* under this plan.

**\*Exception:** If Medicare is the primary payor, the *maximum allowed amount* does not include any charge:

1. By a *hospital*, in excess of the approved amount as determined by Medicare; or
2. By a *physician or other health care provider*, in excess of the lesser of the *maximum allowed amount* stated above, or:
  - a. For providers who accept Medicare assignment, the approved amount as determined by Medicare; or
  - b. For providers who do not accept Medicare assignment, the limiting charge as determined by Medicare.

**You will always be responsible for expense incurred which is not covered under this *plan*.**

## DEDUCTIBLES AND MEDICAL BENEFIT MAXIMUMS

After we subtract any applicable deductible, we will pay benefits at the Payment Rate which applies to such expense, up to the *maximum allowed amount*, not to exceed any applicable Medical Benefit Maximums. The Deductible amounts, Payment Rates and Medical Benefit Maximums are set forth in the SUMMARY OF BENEFITS.

### DEDUCTIBLES

**Calendar Year Deductible.** Each year, you will be responsible for satisfying the *insured person's* Calendar Year Deductible before we begin to pay benefits.

**Prior Plan Calendar Year Deductibles.** If you were covered under the *prior plan* any amount paid during the same *calendar year* toward your calendar year deductible under the *prior plan*, will be applied toward your Calendar Year Deductible under this *plan*; provided that, such payments were for charges that would be covered under this *plan*.

## MEDICAL BENEFIT MAXIMUMS

We do not make benefit payments for any *insured person* in excess of any of the Medical Benefit Maximums. Your Lifetime Maximum under this *plan* will be reduced by any benefits we paid to you or on your behalf under any other health plan provided by Anthem Blue Cross Life and Health, or any of its affiliates, which is sponsored by the *group*.

**Prior Plan Maximum Benefits.** If you were covered under the *prior plan*, any benefits paid to you under the *prior plan* will reduce any maximum amounts you are eligible for under this *plan* which apply to the same benefit.

## CONDITIONS OF COVERAGE

The following conditions of coverage must be met for expense incurred for services or supplies to be covered under this plan.

1. You must incur this expense while you are covered under this *plan*. Expense is incurred on the date you receive the service or supply for which the charge is made.
2. The expense must be for a medical service or supply furnished to you as a result of illness or injury or pregnancy, unless a specific exception is made.
3. The expense must be for a medical service or supply included under MEDICAL CARE THAT IS COVERED. Additional limits on covered charges are included under specific benefits and in the SUMMARY OF BENEFITS.
4. The expense must not be for a medical service or supply listed under MEDICAL CARE THAT IS NOT COVERED. If the service or supply is partially excluded, then only that portion which is not excluded will be covered under this plan.
5. The expense must not exceed any of the maximum benefits or limitations of this *plan*.
6. Any services received must be those which are regularly provided and billed by the provider. In addition, those services must be consistent with the illness, injury, degree of disability and your medical needs. Benefits are provided only for the number of days required to treat your illness or injury.
7. All services and supplies must be ordered by a *physician*.

## MEDICAL CARE THAT IS COVERED

Subject to the Medical Benefit Maximums in the SUMMARY OF BENEFITS, the requirements set forth under CONDITIONS OF COVERAGE and the exclusions or limitations listed under MEDICAL CARE THAT IS NOT COVERED, we will provide benefits for the following services and supplies:

### Hospital

*Skilled nursing facility* services and supplies are subject to pre-service review to determine medical necessity. Please refer to UTILIZATION REVIEW PROGRAM for information on how to obtain the proper reviews.

\*Including drugs and medicines (equivalent to those approved for general use by the Food and Drug Administration in the *United States*) which are supplied by the *hospital* for use during your *stay*.

Other organizations may give services only when approved by us, and their duties must be assigned and supervised by a professional nurse on the staff of the *home health agency* or other provider as approved by us.
5. *Medically necessary* supplies provided by the *home health agency*.

When available in your area, benefits are also available for *intensive in-home behavioral health services*. These do not require confinement to the home.

Home health care services are not covered if received while you are receiving benefits under the "Hospice Care" provision of this section.

**Hospice Care.** You are eligible for *hospice* care if your *physician* and the *hospice* medical director certify that you are terminally ill and likely have less than twelve (12) months to live. You may access *hospice* care while participating in a clinical trial or continuing disease modifying therapy, as ordered by your treating *physician*. Disease modifying therapy treats the underlying terminal illness.

The services and supplies listed below are covered when provided by a *hospice* for the palliative treatment of pain and other symptoms associated with a terminal disease. Palliative care is care that controls pain and relieves symptoms but is not intended to cure the illness. Covered services include:

1. Interdisciplinary team care with the development and maintenance of an appropriate plan of care.
2. Short-term inpatient *hospital* care when required in periods of crisis or as respite care. Coverage of inpatient respite care is provided on an occasional basis and is limited to a maximum of five consecutive days per admission.

10. Palliative care (care which controls pain and relieves symptoms, but does not cure) which is appropriate for the illness.

Your *physician* must consent to your care by the *hospice* and must be consulted in the development of your treatment plan. The *hospice* must submit a written treatment plan to us every 30 days.

Benefits for services beyond those listed above that are given for disease modification or palliation, such as but not limited to chemotherapy and radiation therapy, are available to a *member* in *hospice*. These services are covered under other parts of this *plan*.

This includes surgery performed to restore and achieve symmetry following a *medically necessary* mastectomy. This also includes *medically necessary* dental or orthodontic services that are an integral part of *reconstructive surgery* for cleft palate procedures. “Cleft palate” means a condition that may include cleft palate, cleft lip, or other craniofacial anomalies associated with cleft palate.

**Ambulance.** We will pay for ambulance services when you are transported by a state licensed vehicle that is designed, equipped, and used to transport the sick and injured and is staffed by Emergency Medical Technicians (EMTs), paramedics, or other licensed or certified medical professionals. Ambulance services are covered when one or more of the following criteria are met:

- For ground ambulance, you are transported:
  - From your home, or from the scene of an accident or medical *emergency*, to a *hospital*,
  - Between *hospitals*, including when you are required to move from a *hospital* that does not contract with us to one that does, or

- Between a *hospital* and a *skilled nursing facility* or other approved facility.
- For air or water ambulance, you are transported:
  - From the scene of an accident or medical *emergency* to a *hospital*,
  - Between hospitals, including when you are required to move from a hospital that does not contract with us to one that does, or
  - Between a hospital and another approved facility.

Non-emergency ambulance services are subject to medical necessity reviews. *Emergency* ground ambulance services do not require pre-service review. Pre-service review is required for air ambulance in a non-medical *emergency*. When using an air ambulance in a non-emergency situation, we reserve the right to select the air ambulance provider. If you do not use the air ambulance we select in a non-emergency situation, no coverage will be provided.

You must be taken to the nearest facility that can provide care for your condition. In certain cases, coverage may be approved for transportation to a facility that is not the nearest facility.

Coverage includes *medically necessary* treatment of an illness or injury by medical professionals from an ambulance service, even if you are not transported to a *hospital*. If provided through the 911 emergency response system\*, ambulance services are covered if you reasonably believed that a medical *emergency* existed even if you are not transported to a *hospital*. Ambulance services are not covered when another type of transportation can be used without endangering your health. Ambulance services for your convenience or the convenience of your *family members* or *physician* are not a covered service.

Other non-covered ambulance services include, but are not limited to, trips to:

- A *physician's* office or clinic;
- A morgue or funeral home.

**Important information about air ambulance coverage.** Coverage is only provided for air ambulance services when it is not appropriate to use a ground or water ambulance. For example, if using a ground ambulance would endanger your health and your medical condition requires a more rapid transport to a *hospital* than the ground ambulance can provide, this plan will cover the air ambulance. Air ambulance will also be covered if you are in a location that a ground or water ambulance cannot reach.

Air ambulance will not be covered if you are taken to a *hospital* that is not an acute care *hospital* (such as a skilled nursing facility or a rehabilitation facility), or if you are taken to a *physician's* office or to your home.

**Hospital to hospital transport:** If you are being transported from one *hospital* to another, air ambulance will only be covered if using a ground ambulance would endanger your health and if the *hospital* that first treats you cannot give you the medical services you need. Certain specialized services are not available at all *hospitals*. For example, burn care, cardiac care, trauma care, and critical care are only available at certain *hospitals*. For services to be covered, you must be taken to the closest *hospital* that can treat you. Coverage is not provided for air ambulance transfers because you, your family, or your *physician* prefers a specific *hospital* or *physician*.

\* If you have an *emergency* medical condition that requires an emergency response, please call the “911” emergency response system if you are in an area where the system is established and operating.

**Diagnostic Services.** Outpatient diagnostic radiology and laboratory services.

**Radiation Therapy.** This includes treatment of disease using x-ray, radium or radioactive isotopes, other treatment methods (such as teletherapy, brachytherapy, intra operative radiation, photon or high energy particle sources), material and supplies used in the therapy process and treatment planning. See the “Utilization Review Program” for details on the precertification process. To be eligible for coverage, services must be *medically necessary* and performed by an approved *physician* at an approved treatment center. Even if a *physician* is a *participating provider* for other services it may not be an approved provider for certain gene therapy services. Please call us to find out which providers are approved *physicians*. (When calling Member Services, ask for the Transplant Case Manager for further details.)

We will make the final determination as to whether the dental treatment could have been safely rendered in another setting due to the nature of the procedure or your medical condition. *Hospital stays* for the purpose of administering general anesthesia are not considered necessary and are not covered except as specified in #2, below.
2. **General Anesthesia.** General anesthesia and associated facility charges when your clinical status or underlying medical condition requires that dental procedures be rendered in a *hospital* or *ambulatory surgical center*. This applies only if (a) the *insured person* is less than seven years old, (b) the *insured person* is developmentally disabled, or (c) the *insured person's* health is compromised and general anesthesia is *medically necessary*.   - Prenatal, postnatal and postpartum care;

The *calendar year* deductible will not apply and no copayment will be required for services you receive as part of this program;

- Ambulatory care services (including ultrasounds, fetal non-stress tests, *physician* office visits, and other *medically necessary* maternity services performed outside of a *hospital*);
- Involuntary complications of pregnancy;

#### **Abortion Services.**

**Organ and Tissue Transplants.** Services provided in connection with a non-investigative organ or tissue transplant, if you are:

1. The organ or tissue recipient; or
2. The organ or tissue donor.

If you are the recipient, an organ or tissue donor who is not an *insured person* is also eligible for services as described. Benefits are reduced by any amounts paid or payable by that donor's own coverage.

The *maximum allowed amount* does not include charges for services received without first obtaining pre-service review from us, or which are provided at a facility other than a transplant center approved by us. See UTILIZATION REVIEW PROGRAM for details.

To maximize your benefits, you should call our Transplant Department as soon as you think you may need a transplant to talk about your benefit options. You must do this before you have an evaluation or work-up for a transplant. We will help you maximize your benefits by giving you coverage information, including details on what is covered and if any clinical coverage guidelines, medical policies, or exclusions apply. Call the Member Services phone number on the back of your ID card and ask for the transplant coordinator.

You or your *physician* must call our Transplant Department for pre-service review prior to the transplant, whether it is performed in an inpatient or outpatient setting. Prior authorization is required before we will provide benefits for a transplant. Your *physician* must certify, and we must agree, that the transplant is *medically necessary*. Your *physician* should send a written request for prior authorization to us as soon as possible to start this process. Not getting prior authorization will result in a denial of benefits.

Please note that your *physician* may ask for approval for HLA (human leukocyte antigen) testing, donor searches, or collection and storage of stem cells prior to the final decision as to what transplant procedure will be needed. In these cases, the HLA testing and donor search charges will be covered as routine diagnostic tests. The collection and storage request will be reviewed for medical necessity and may be approved. However, such an approval for HLA testing, donor search, or collection and storage is NOT an approval for the later transplant. A separate medical necessity decision will be needed for the transplant itself.

**Transgender Services.** Services and supplies provided in connection with gender transition when you have been diagnosed with gender identity disorder or gender dysphoria by a *physician*. This coverage is provided according to the terms and conditions of the plan that apply to all other covered medical conditions, including medical necessity requirements, utilization management, and exclusions for cosmetic services. Coverage includes, but is not limited to, *medically necessary* services related to gender transition such as transgender surgery, hormone therapy, psychotherapy, and vocal training.

Coverage is provided for specific services according to *plan* benefits that apply to that type of service generally, if the *plan* includes coverage for the service in question. If a specific coverage is not included, the service will not be covered. For example, transgender surgery would be covered on the same basis as any other covered, *medically necessary* surgery; hormone therapy would be covered under the *plan's prescription drug* benefits (if such benefits are included).

Inpatient admissions related to transgender surgery services are subject to prior authorization in order for coverage to be provided. Please refer to UTILIZATION REVIEW PROGRAM for information on how to obtain the proper reviews. Prior authorization is not required for all other transgender services.

**Transgender Travel Expense.** Certain travel expenses incurred in connection with an approved transgender surgery, when the *hospital* at which the surgery is performed is 75 miles or more from your place of residence, provided the expenses are authorized in advance by us. - Coach airfare to and from the *hospital* when it is 300 miles or more from your residence.

We will provide benefits for lodging, transportation, and other reasonable expenses up to the current limits set forth in the Internal Revenue Code, not to exceed the maximum amount specified above. This travel expense benefit is not available for non-surgical transgender services.

Details regarding reimbursement can be obtained by calling the member services number on your identification card. A travel reimbursement form will be provided for submission of legible copies of all applicable receipts in order to obtain reimbursement.

## **REIMBURSEMENT FOR ACTS OF THIRD PARTIES**

Under some circumstances, an *insured person* may need services under this *plan* for which a third party may be liable or legally responsible by reason of negligence, an intentional act or breach of any legal obligation. In that event, we will provide the benefits of this *plan* subject to the following:

1. We will automatically have a lien, to the extent of benefits provided, upon any recovery, whether by settlement, judgment or otherwise, that you receive from the third party, the third party's insurer, or the third party's guarantor. The lien will be in the amount of benefits we paid under this *plan* for the treatment of the illness, disease, injury or condition for which the third party is liable.
  - If we paid the provider other than on a capitated basis, our lien will not be more than amount we paid for those services.
  - If we paid the provider on a capitated basis, our lien will not be more than 80% of the usual and customary charges for those services in the geographic area in which they were given.
  - If you hired an attorney to gain your recovery from the third party, our lien will not be for more than one-third of the money due you under any final judgment, compromise, or settlement agreement.
  - If you did not hire an attorney, our lien will not be for more than one-half of the money due you under any final judgment, compromise or settlement agreement.
  - If a final judgment includes a special finding by a judge, jury, or arbitrator that you were partially at fault, our lien will be reduced

by the same comparative fault percentage by which your recovery was reduced.

- Our lien is subject to a pro rata reduction equal to your reasonable attorney's fees and costs in line with the common fund doctrine.
2. You must advise us in writing, within 60 days of filing a claim against the third party and take necessary action, furnish such information and assistance, and execute such papers as we may require to facilitate enforcement of our rights. You must not take action which may prejudice our rights or interests under your *plan*. Failure to give us such notice or to cooperate with us, or actions that prejudice our rights or interests will be a material breach of this *plan* and will result in your being personally responsible for reimbursing us.
  3. We will be entitled to collect on our lien even if the amount you or anyone recovered for you (or your estate, parent or legal guardian) from or for the account of such third party as compensation for the injury, illness or condition is less than the actual loss you suffered.

## COORDINATION OF BENEFITS

If you are covered by more than one group medical plan, your benefits under This Plan will be coordinated with the benefits of those Other Plans, as shown below. These coordination provisions apply separately to each *insured person*, per *calendar year*, and are largely determined by California law. Any coverage you have for medical or dental benefits will be coordinated as shown below.

## DEFINITIONS

The meanings of key terms used in this section are shown below. Whenever any of the key terms shown below appear in these provisions, the first letter of each word will be capitalized. When you see these capitalized words, you should refer to this "Definitions" provision.

**Allowable Expense** is any necessary, reasonable and customary item of expense which is at least partially covered by any plan covering the person for whom claim is made. When a Plan provides benefits in the form of services rather than cash payments, the reasonable cash value of each service rendered will be deemed to be both an Allowable Expense and a benefit paid. An expense that is not covered by any plan covering the person for whom claim is made is not an Allowable Expense.

The following are not Allowable Expense:

1. Use of a private hospital room is not an Allowable Expense unless the patient's stay in a private *hospital* room is *medically necessary* in

terms of generally accepted medical practice, or one of the plans routinely provides coverage for *hospital* private rooms.

2. If you are covered by two plans that calculate benefits or services on the basis of a reasonable and customary amount or relative value schedule reimbursement method or some other similar reimbursement method, any amount in excess of the higher of the reasonable and customary amounts.
3. If a person is covered by two plans that provide benefits or services on the basis of negotiated rates or fees, an amount in excess of the lower of the negotiated rates.
4. If a person is covered by one plan that calculates its benefits or services on the basis of a reasonable and customary amount or relative value schedule reimbursement method or some other similar reimbursement method and another plan provides its benefits or services on the basis of negotiated rates or fees, any amount in excess of the negotiated rate.
5. The amount of any benefit reduction by the Principal Plan because you did not comply with the plan's provisions is not an Allowable Expense. Examples of these types of provisions include second surgical opinions, utilization review requirements, and network provider arrangements.
6. If you advise us that all plans covering you are high deductible health plans as defined by Section 223 of the Internal Revenue Code, and you intend to contribute to a health savings account established in accordance with Section 223 of the Internal Revenue Code, any amount that is subject to the primary high deductible health plan's deductible.

**Other Plan** is any of the following:

1. Group, blanket or franchise insurance coverage;
2. Group service plan contract, group practice, group individual practice and other group prepayment coverages;
3. Group coverage under labor-management trustee plans, union benefit organization plans, employer organization plans, employee benefit organization plans or self-insured employee benefit plans.
4. Medicare. This does not include Medicare when, by law, its benefits are secondary to those of any private insurance program or other non-governmental program.

The term "Other Plan" refers separately to each agreement, policy, contract, or other arrangement for services and benefits, and only to that portion of such agreement, policy, contract, or arrangement which reserves the right to take the services or benefits of other plans into consideration in determining benefits.

**Principal Plan** is the plan which will have its benefits determined first.

**This Plan** is that portion of this *plan* which provides benefits subject to this provision.

#### **EFFECT ON BENEFITS**

This provision will apply in determining a person's benefits under This Plan for any *calendar year* if the benefits under This Plan and any Other Plans, exceed the Allowable Expenses for that *calendar year*.

1. If This Plan is the Principal Plan, then its benefits will be determined first without taking into account the benefits or services of any Other Plan.
2. If This Plan is not the Principal Plan, then its benefits may be reduced so that the benefits and services of all the plans do not exceed Allowable Expense.
3. The benefits of This Plan will never be greater than the sum of the benefits that would have been paid if you were covered under This Plan only.

#### **ORDER OF BENEFITS DETERMINATION**

The first of the following rules which applies will determine the order in which benefits are payable:

1. A plan which has no Coordination of Benefits provision pays before a plan which has a Coordination of Benefits provision. This would include Medicare in all cases, except when the law requires that This Plan pays before Medicare.
2. A plan which covers you as an *insured employee* pays before a plan which covers you as a dependent. But, if you are retired and eligible for Medicare, Medicare pays (a) after the plan which covers you as a dependent of an active employee, but (b) before the plan which covers you as a retired *employee*.

**For example:** You are covered as a retired employee under this plan and eligible for Medicare (Medicare would normally pay first). You are also covered as a dependent of an active employee under another plan (in which case Medicare would pay second). In this situation, the plan which covers you as a dependent will pay first, Medicare will pay second and the plan which covers you as a retired employee would pay last.

3. For a dependent *child* covered under plans of two parents, the plan of the parent whose birthday falls earlier in the *calendar year* pays before the plan of the parent whose birthday falls later in the *calendar year*. But if one plan does not have a birthday rule provision, the provisions of that plan determine the order of benefits.

**Exception to rule 3:** For a dependent *child* of parents who are divorced or separated, the following rules will be used in place of Rule 3:

- a. If the parent with custody of that *child* for whom a claim has been made has not remarried, then the plan of the parent with custody that covers that *child* as a dependent pays first.
  - b. If the parent with custody of that *child* for whom a claim has been made has remarried, then the order in which benefits are paid will be as follows:
    - i. The plan which covers that *child* as a dependent of the parent with custody.
    - ii. The plan which covers that *child* as a dependent of the stepparent (married to the parent with custody).
    - iii. The plan which covers that *child* as a dependent of the parent without custody.
    - iv. The plan which covers that *child* as a dependent of the stepparent (married to the parent without custody).
  - c. Regardless of a and b above, if there is a court decree which establishes a parent's financial responsibility for that *child's* health care coverage, a plan which covers that *child* as a dependent of that parent pays first.
4. The plan covering you as a laid-off or retired employee or as a dependent of a laid-off or retired employee pays after a plan covering you as other than a laid-off or retired employee or the dependent of such a person. But if either plan does not have a provision regarding laid-off or retired employees, provision 6 applies.

5. The plan covering you under a continuation of coverage provision in accordance with state or federal law pays after a plan covering you as an employee, a dependent or otherwise, but not under a continuation of coverage provision in accordance with state or federal law. If the order of benefit determination provisions of the Other Plan do not agree under these circumstances with the Order of Benefit Determination provisions of This Plan, this rule will not apply.
6. When the above rules do not establish the order of payment, the plan on which you have been enrolled the longest pays first unless two of the plans have the same effective date. In this case, Allowable Expense is split equally between the two plans.

#### **OUR RIGHTS UNDER THIS PROVISION**

**Responsibility For Timely Notice.** We are not responsible for coordination of benefits unless timely information has been provided by the requesting party regarding the application of this provision.

**Reasonable Cash Value.** If any Other Plan provides benefits in the form of services rather than cash payment, the reasonable cash value of services provided will be considered Allowable Expense. The reasonable cash value of such service will be considered a benefit paid, and our liability reduced accordingly.

**Facility of Payment.** If payments which should have been made under This Plan have been made under any Other Plan, we have the right to pay that Other Plan any amount we determine to be warranted to satisfy the intent of this provision. Any such amount will be considered a benefit paid under This Plan, and such payment will fully satisfy our liability under this provision.

**Right of Recovery.** If payments made under This Plan exceed the maximum payment necessary to satisfy the intent of this provision, we have the right to recover that excess amount from any persons or organizations to or for whom those payments were made, or from any insurance company or service plan.

#### **BENEFITS FOR MEDICARE ELIGIBLE INSURED PERSONS**

If you are a *retired employee* or the spouse of a *retired employee* and you are eligible for Medicare Part A because you made the required number of quarterly contributions to the Social Security System, your benefits under this *plan* will be subject to the section entitled COORDINATION OF BENEFITS and the provision "Coordinating Benefits With Medicare", below.

**Coordinating Benefits With Medicare.** In general, when Medicare is the primary payor according to federal law, Medicare must provide benefits first to any services that are covered both by Medicare and under this *plan*. For any given claim, the combination of benefits provided by Medicare and under this *plan* will not exceed the *maximum allowed amount* for the covered services.

Except when federal law requires us to be the primary payer, the benefits under this *plan* for *members* age 65 and older, or for *members* who are otherwise eligible for Medicare (such as due to a disability or receiving treatment for end-stage renal disease), will not duplicate any benefit for which *members* are entitled under Medicare, including Medicare Part B. Where Medicare is the responsible primary payer, all sums payable by Medicare for services provided to you shall be reimbursed by or on your behalf to us, to the extent we have made primary payment for such services. If you do not enroll in Medicare Part B when you are eligible, you may have large out-of-pocket costs. Please refer to [Medicare.gov](http://Medicare.gov) for more details on when you should enroll, and when you are allowed to delay enrollment without penalties.

## UTILIZATION REVIEW PROGRAM

Your *plan* includes the process of utilization review to decide when services are *medically necessary* or *experimental / investigative* as those terms are defined in this booklet. Utilization review aids the delivery of cost-effective health care by reviewing the use of treatments and, when proper, level of care and/or the setting or place of service that they are performed.

### REVIEWING WHERE SERVICES ARE PROVIDED

A service must be *medically necessary* to be a covered service. When level of care, setting or place of service is reviewed, services that can be safely given to you in a lower level of care or lower cost setting / place of care, will not be *medically necessary* if they are given in a higher level of care, or higher cost setting / place of care. This means that a request for a service may be denied because it is not *medically necessary* for the service to be provided where it is being requested. When this happens the service can be requested again in another place and will be reviewed again for medical necessity. At times a different provider or facility may need to be used in order for the service to be considered *medically necessary*. Examples include, but are not limited to:

- A service may be denied on an inpatient basis at a *hospital* but may be approvable if provided on an outpatient basis at a *hospital*.

- A service may be denied on an outpatient basis at a *hospital* but may be approvable at a free standing imaging center, infusion center, ambulatory surgery center, or in a *physician's* office.
- A service may be denied at a *skilled nursing facility* but may be approvable in a home setting.

Utilization review criteria will be based on many sources including medical policy and clinical guidelines. We may decide that a treatment that was asked for is not *medically necessary* if a clinically equivalent treatment that is more cost-effective is available and appropriate. "Clinically equivalent" means treatments that for most *members*, will give you similar results for a disease or condition.

If you have any questions about the utilization review process, the medical policies or clinical guidelines, you may call the Member Services phone number on the back of your Identification Card.

**Coverage for or payment of the service or treatment reviewed is not guaranteed. For benefits to be covered, on the date you get service:**

1. You must be eligible for benefits;
2. The service or supply must be a covered service under your *plan*;
3. The service cannot be subject to an exclusion under your *plan* (please see MEDICAL CARE THAT IS NOT COVERED for more information); and
4. You must not have exceeded any applicable limits under your *plan*.

### **TYPES OF REVIEWS**

- **Pre-service Review** – A review of a service, treatment or admission for a benefit coverage determination which is done before the service or treatment begins or admission date.
  - **Precertification** – A required pre-service review for a benefit coverage determination for a service or treatment. Certain services require precertification. The benefit coverage review will include a review to decide whether the service meets the definition of medical necessity or is *experimental / investigative* as those terms are defined in this booklet.

For admissions following an *emergency*, you, your authorized representative or *physician* must tell us within 24 hours of the admission or as soon as possible within a reasonable period of time.

For childbirth admissions, precertification is not needed for the first 48 hours for a vaginal delivery or 96 hours for a cesarean section. Admissions longer than 48/96 hours require precertification.

For inpatient *hospital* stays for mastectomy surgery, including the length of *hospital* stays associated with mastectomy, precertification is not needed.

- **Continued Stay / Concurrent Review** – A utilization review of a service, treatment or admission for a benefit coverage determination which must be done during an ongoing stay in a facility or course of treatment.
  - Both pre-service and continued stay / concurrent reviews may be considered urgent when, in the view of the treating provider or any *physician* with knowledge of your medical condition, without such care or treatment, your life or health or your ability to regain maximum function could be seriously threatened or you could be subjected to severe pain that cannot be adequately managed without such care or treatment. Urgent reviews are conducted under a shorter timeframe than standard reviews.
- **Post-service Review** – A review of a service, treatment or admission for a benefit coverage that is conducted after the service has been provided. Post-service reviews are performed when a service, treatment or admission did not need a precertification, or when a needed precertification was not obtained. Post-service reviews are done for a service, treatment or admission in which we have a related clinical coverage guideline and are typically initiated by us.

Services for which precertification is required (i.e., services that need to be reviewed by us to determine whether they are *medically necessary*) include, are the following:

- Scheduled, non-emergency inpatient *hospital* stays and *residential treatment center* admissions, including detoxification and rehabilitation.

**Exceptions:** Pre-service review is not required for inpatient *hospital* stays for the following services:

- ♦ Maternity care of 48 hours or less following a normal delivery or 96 hours or less following a cesarean section, and
- ♦ Mastectomy and lymph node dissection.
- Diagnostic treatment, wherever performed, except when needed for *mental health conditions* and substance abuse.
- Surgical procedures, wherever performed.

- Transplant services. Authorizations for transplant services will be provided only if the *physicians* on the surgical team and the facility in which the transplant is to take place are approved for the transplant requested.
- Speech therapy services. A specified number of additional visits may be authorized after your initial visit. While there is no limit on the number of covered visits for medically necessary speech therapy, visits must be authorized in advance. The precertification requirement under this provision does not apply to outpatient services for *mental health conditions* and substance abuse.
- Home health care. The following criteria must be met:
  - ◆ The services can be safely provided in your home, as certified by your attending *physician*;
  - ◆ Your attending *physician* manages and directs your medical care at home; and
  - ◆ Your attending *physician* has established a definitive treatment plan which must be consistent with your medical needs and lists the services to be provided by the *home health agency*.

The precertification requirement under this home health care provision does not apply to outpatient services for *mental health conditions* and substance abuse.

- Admissions to a *skilled nursing facility*, if you require daily skilled nursing or rehabilitation, as certified by your attending *physician*.
- Select imaging procedures, including but not limited to: Magnetic Resonance Imaging (MRI), Computerized Axial Tomography (CAT scan), Positron Emission Tomography (PET scan), Magnetic Resonance Spectroscopy (MRS scan), Magnetic Resonance Angiogram (MRA scan) and Nuclear Cardiac Imaging. You may call the toll-free member services telephone number on your identification card to find out if an imaging procedure requires pre-service review.
- All interventional spine pain, elective hip, knee, and shoulder arthroscopic/open sports medicine, and outpatient spine surgery procedures must be authorized in advance.
- Inpatient admission related to transgender surgery services, including transgender travel expense. Precertification is not required for all other transgender services.

For a list of current procedures requiring precertification, please call the toll-free number for Member Services printed on your Identification Card.

### **WHO IS RESPONSIBLE FOR PRECERTIFICATION?**

Generally, the ordering provider, *hospital* or attending *physician* (“requesting provider”) will get in touch with us to ask for a precertification. However, it is your responsibility to initiate the process and ask your *physician* to request pre-service review or to determine whether a particular service requires pre-service authorization. It is also your responsibility to see that your *physician* starts the utilization review process before scheduling you for any service subject to the utilization review program. You may also choose an authorized representative to act on your behalf for a specific request. The authorized representative can be anyone who is 18 years of age or older.

**NOTE: For an *emergency* admission, precertification is not required. However, you, your authorized representative or *physician* must tell us within 24 hours of the admission or as soon as possible within a reasonable period of time.**

### **HOW DECISIONS ARE MADE**

We use our clinical coverage guidelines, such as medical policy, clinical guidelines, and other applicable policies and procedures to help make our medical necessity decisions. Medical policies and clinical guidelines reflect the standards of practice and medical interventions identified as proper medical practice. We reserve the right to review and update these clinical coverage guidelines from time to time.

You are entitled to ask for and get, free of charge, reasonable access to any records concerning your request. To ask for this information, call the precertification phone number on the back of your identification card.

If you are not satisfied with our decision under this section of your benefits, please refer to the “Grievance Procedures” section to see what rights may be available to you.

## DECISION AND NOTICE REQUIREMENTS

We will review requests for medical necessity according to the timeframes listed below. The timeframes and requirements listed are based on state and federal laws. Where state laws are stricter than federal laws, we will follow state laws. If you live in and/or get services in a state other than the state where your *policy* was issued other state-specific requirements may apply. You may call the phone number on the back of your identification card for more details.

If more information is needed to make our decision, we will tell the requesting *physician* of the specific information needed to finish the review. If we do not get the specific information we need by the required timeframe identified in the written notice, we will make a decision based upon the information we have.

We will notify you and your *physician* of our decision as required by state and federal law. Notice may be given by one or more of the following methods: verbal, written, and/or electronic.

For a copy of the medical necessity review process, please contact Member Services at the telephone number on the back of your Identification Card.

**Revoking or modifying a Precertification Review decision.** We will determine **in advance** whether certain services (including procedures and admissions) are *medically necessary* and are the appropriate length of stay, if applicable. These review decisions may be revoked or modified prior to the service being rendered for reasons including but not limited to the following:

- Your coverage under this *plan* ends;
- The *policy* with the *group* terminates;
- You reach a benefit maximum that applies to the service in question;
- Your benefits under the *plan* change so that the service is no longer covered or is covered in a different way.

## HEALTH PLAN INDIVIDUAL CASE MANAGEMENT

The health plan individual case management program enables us to assist you to obtain medically appropriate care in a more economical, cost-effective and coordinated manner during prolonged periods of intensive medical care. Through a case manager, we discuss possible options for an alternative plan of treatment which may include services not covered under this *plan*. It is not your right to receive individual case management, nor do we have an obligation to provide it; we provide these services at our sole and absolute discretion.

### HOW HEALTH PLAN INDIVIDUAL CASE MANAGEMENT WORKS

Our health plan individual case management program (Case Management) helps coordinate services for *insured persons* with health care needs due to serious, complex, and/or chronic health conditions. Our programs coordinate benefits and educate *insured persons* who agree to take part in the Case Management program to help meet their health-related needs.

Our Case Management programs are confidential and voluntary, and are made available at no extra cost to you. These programs are provided by, or on behalf of and at the request of, your health plan case management staff. These Case Management programs are separate from any covered services you are receiving.

If you meet program criteria and agree to take part, we will help you meet your identified health care needs. This is reached through contact and team work with you and /or your chosen authorized representative, treating *physicians*, and other providers.

In addition, we may assist in coordinating care with existing community-based programs and services to meet your needs. This may include giving you information about external agencies and community-based programs and services.

**Alternative Treatment Plan.** In certain cases of severe or chronic illness or injury, we may provide benefits for alternate care that is not listed as a covered service. We may also extend services beyond the benefit maximums of this *plan*. We will make our decision case-by-case, if in our discretion the alternate or extended benefit is in the best interest of you and us and you or your authorized representative agree to the alternate or extended benefit in writing. A decision to provide extended benefits or approve alternate care in one case does not obligate us to provide the same benefits again to you or to any other member. We reserve the right, at any time, to alter or stop providing extended benefits or approving alternate care. In such case, we will notify you or your authorized representative in writing.

### **Acute Care at Home Programs**

Anthem has programs available that offer acute care to *insured persons* where they live as an alternative to staying in a facility, when the *member's* condition and the covered services to be delivered, are appropriate for the home setting. We refer to these programs as Acute Care at Home Programs. These programs provide care for active, short-term treatment of a severe injury or episode of illness, an urgent medical condition, or during recovery from surgery. Acute care services are generally delivered by teams of health care *doctors* from a range of medical and surgical specialties. The Acute Care at Home Programs are separate from our Home Health Care benefit, are only available in certain service areas, and are only provided if the *insured person's* home meets accessibility requirements.

Covered services provided by Acute Care at Home Programs may include *physician* services (either in-person or via telemedicine), diagnostic services, surgery, home care services, home infusion therapy, *prescription drugs* administered by a *doctor*, therapy services, and follow-up care in the community. *Prescription drugs* at a *retail pharmacy* or mail order are not included in these programs. Acute Care at Home Programs may also include services required to set up telemedicine technology for in-home patient monitoring, and may include coverage for meals.

*Insured persons* who qualify for these programs will be contacted by our *physician*, who will discuss how treatment will be structured, and what costs may be required for the services. Benefit limits that might otherwise apply to outpatient or home care services, (e.g., home care visits, physical therapy, etc.), may not apply to these programs.

Your participation in these programs is voluntary. If you choose to participate, your *physician* will discuss the length of time that benefits are available under the program (e.g., the Acute Care at Home Benefit Period) when you enroll. The Acute Care at Home Benefit Period typically begins on the date your Acute Care at Home Provider sets up services in your home, and lasts until the date you are discharged from the program.

Any covered services received before or after the Acute Care at Home Benefit Period will be covered according to the other benefits of this *plan*.

## HOW COVERAGE BEGINS AND ENDS

### HOW COVERAGE BEGINS

#### ELIGIBLE STATUS

1. **Insured Employees.** You are in an eligible status if you are a *retired employee* (a) whose usual residence is not in United States, and (b) eligible to receive health plan benefits as part of the *group's* pension plan.
2. **Family Members.** The following are eligible to enroll as *family members*: (a) Either the *retired employee's spouse* or *domestic partner*; and (b) An unmarried *child*.

#### Definition of Family Member

1. **Spouse** is the *retired employee's* spouse as recognized under state or federal law. This includes same sex spouses when legally married in a state that recognizes same-sex marriages. Spouse does not include any person who is: (a) covered as a *retired employee* or *domestic partner*; or (b) in active service in the armed forces.
2. **Domestic partner** is the *retired employee's* domestic partner under a legally registered and valid domestic partnership. Domestic partner does not include any person who is: (a) covered as a *retired employee*; or (b) in active service in the armed forces.

For a domestic partnership, other than one that is legally registered and valid, in order for the *retired employee* to include their domestic partner as a *family member*, the *retired employee* and domestic partner must provide the *group* with a signed LACERS domestic partnership affidavit.

3. **Child** is the *retired employee's, spouse's* or *domestic partner's* unmarried natural child, stepchild, grandchild, legally adopted child, or a child for whom the *retired employee, spouse* or *domestic partner* has been appointed legal guardian by a court of law, subject to the following:
  - a. The child is under 26 years of age.

- b. The unmarried child is 26 years of age, or older and: (i) was covered under the *prior plan*, was covered as a *family member* of the *retired employee* under another plan or health insurer, or has six or more months of other *creditable coverage*, (ii) is chiefly dependent on the *retired employee, spouse or domestic partner* for support and maintenance, and (iii) is incapable of self-sustaining employment due to a physical or mental condition. A *physician* must certify in writing that the child is incapable of self-sustaining employment due to a physical or mental condition. We must receive the certification, at no expense to us, within 60-days of the date the *retired employee* receives our request. We may request proof of continuing dependency and that a physical or mental condition still exists, but not more often than once each year after the initial certification. This exception will last until the child is no longer chiefly dependent on the *retired employee, spouse or domestic partner* for support and maintenance due to a continuing physical or mental condition. A child is considered chiefly dependent for support and maintenance if he or she qualifies as a dependent for federal income tax purposes.
- c. A child who is in the process of being adopted is considered a legally adopted child if we receive legal evidence of both: (i) the intent to adopt; and (ii) that the *retired employee, spouse or domestic partner* have either: (a) the right to control the health care of the child; or (b) assumed a legal obligation for full or partial financial responsibility for the child in anticipation of the child's adoption. Legal evidence to control the health care of the child means a written document, including, but not limited to, a health facility minor release report, a medical authorization form, or relinquishment form, signed by the child's birth parent, or other appropriate authority, or in the absence of a written document, other evidence of the *retired employee's*, the *spouse's* or the *domestic partner's* right to control the health care of the child.
- d. A child for whom the *retired employee, spouse or domestic partner* is a legal guardian is considered eligible on the date of the court decree (the "eligibility date"). We must receive legal evidence of the decree.
- e. The term "child" does not include any person who is: (i) covered as a *retired employee*; or (ii) in active service in the armed forces.
- f. If both parents are covered as *retired employees*, their children may be covered as the *family members* of either, but not of both.

## ELIGIBILITY DATE

1. For *retired employees*, you become eligible for coverage on the first day of the month coinciding with or following the date you retire.
2. For *family members*, you become eligible for coverage on the later of:
  - (a) the date the *retired employee* becomes eligible for coverage; or,
  - (b) the date you meet the *family member* definition.

## ENROLLMENT

To enroll as a *retired employee*, or to enroll *family members*, the *retired employee* must properly file an application. An application is considered properly filed, only if it is personally signed, dated, and given to the *group* within 60 days from your eligibility date. We must receive this application from the *group* within 90 days. If any of these steps are not followed, your coverage may be denied.

## EFFECTIVE DATE

Your effective date of coverage is subject to the timely payment of premium on your behalf. The date you become covered is determined as follows:

1. **Timely Enrollment.** If you enroll for coverage before, on, or within 60 days after your eligibility date, then your coverage will begin as follows:
  - (a) for *retired employees*, on your eligibility date; and
  - (b) for *family members*, on the later of (i) the date the *retired employee's* coverage begins, or (ii) the first day of the month after the *family member* becomes eligible. If you become eligible before the *policy* takes effect, coverage begins on the effective date of the *policy*, provided the enrollment application is on time and in order.
2. **Late Enrollment.** If you fail to enroll within 60 days after your eligibility date, you must wait until the *group's* next Open Enrollment Period to enroll.
3. **Disenrollment.** If you voluntarily choose to disenroll from coverage under this *plan*, you will be eligible to reapply for coverage as set forth in the "Enrollment" provision above, during the *group's* next Open Enrollment period (see OPEN ENROLLMENT PERIOD).

For late enrollees and disenrollees: You may enroll earlier than the *group's* next Open Enrollment Period if you meet any of the conditions listed under SPECIAL ENROLLMENT PERIODS.

**Important Note for Newborn and Newly-Adopted Children.** If the *insured employee* (or *spouse* or *domestic partner*, if the *spouse* or *domestic partner* is enrolled) is already covered: (1) any *child* born to the *retired employee, spouse* or *domestic partner* will be enrolled from the moment of birth; and (2) any *child* being adopted by the *retired employee, spouse* or *domestic partner* will be enrolled from the date on which either: (a) the adoptive *child's* birth parent, or other appropriate legal authority, signs a written document granting the *retired employee, spouse* or *domestic partner* the right to control the health care of the *child* (in the absence of a written document, other evidence of the *retired employee's, spouse's* or *domestic partner's* right to control the health care of the *child* may be used); or (b) the *retired employee, spouse* or *domestic partner* assumed a legal obligation for full or partial financial responsibility for the *child* in anticipation of the *child's* adoption. The "written document" referred to above includes, but is not limited to, a health facility minor release report, a medical authorization form, or relinquishment form.

In both cases, coverage will be in effect for 31 days. For the *child's* enrollment to continue beyond this 31-day period, the *retired employee* must submit a membership change form to the *group* within the 31-day period. We must then receive the form from the *group* within 90 days.

### **Special Enrollment Periods**

You may enroll without waiting for the *group's* next open enrollment period if you are otherwise eligible under any one of the circumstances set forth below:

1. You have met all of the following requirements:
  - a. You were covered as an individual or dependent under either:
    - i. Another employer group health plan or health insurance coverage, including coverage under a COBRA or CalCOBRA continuation; or
    - ii. A state Medicaid plan or under a state child health insurance program (SCHIP), including the Healthy Families Program or the Access for Infants and Mothers (AIM) Program.
  - b. You certified in writing at the time you became eligible for coverage under this *plan* that you were declining coverage under this *plan* or disenrolling because you were covered under another health plan as stated above and you were given written notice that if you choose to enroll later, you may be required to wait until the *group's* next open enrollment period to do so.
  - c. Your coverage under the other health plan wherein you were covered as an individual or dependent ended as follows:

- i. If the other health plan was another employer group health plan or health insurance coverage, including coverage under a COBRA or CalCOBRA continuation, coverage ended because you lost eligibility under the other plan, your coverage under a COBRA or CalCOBRA continuation was exhausted, or employer contributions toward coverage under the other plan terminated. You must properly file an application with the *group* within 60 days after the date your coverage ends or the date employer contributions toward coverage under the other plan terminate.

Loss of eligibility for coverage under an employer group health plan or health insurance includes loss of eligibility due to termination of employment or change in employment status, reduction in the number of hours worked, loss of dependent status under the terms of the *plan*, termination of the other plan, legal separation, divorce, death of the person through whom you were covered, and any loss of eligibility for coverage after a period of time that is measured by reference to any of the foregoing.

- ii. If the other health plan was a state Medicaid plan or a state child health insurance program (SCHIP), including the Healthy Families Program or the Access for Infants and Mothers (AIM) Program, coverage ended because you lost eligibility under the program. You must properly file an application with the *group* within 60 days after the date your coverage ended.
- 2. A court has ordered coverage be provided for a *spouse*, *domestic partner* or dependent *child* under your employee health plan and an application is filed within 31 days from the date the court order is issued.
  - 3. We do not have a written statement from the *group* stating that prior to declining coverage or disenrolling, you received and signed acknowledgment of a written notice specifying that if you do not enroll for coverage within 60 days after your eligibility date, or if you disenroll, and later file an enrollment application, your coverage may not begin until the first day of the month following the end of the *group's* next open enrollment period.
  - 4. You have a change in family status through either marriage or domestic partnership, or the birth, adoption, or placement for adoption of a *child*:

- a. If you are enrolling following marriage or domestic partnership, you and your new *spouse* or *domestic partner* must enroll within 31 days of the date of marriage or domestic partnership. Your *domestic partner* must meet the *plan's* eligibility requirements for *domestic partners* as outlined under HOW COVERAGE BEGINS AND ENDS: HOW COVERAGE BEGINS. Your new *spouse* or *domestic partner's* children may also enroll at that time. Other children may not enroll at that time unless they qualify under another of these circumstances listed above.
  - b. If you are enrolling following the birth, adoption, or placement for adoption of a *child*, your *spouse* (if you are already married) or *domestic partner*, who is eligible but not enrolled, may also enroll at that time. Other children may not enroll at that time unless they qualify under another of these circumstances listed above. Application must be made within 31 days of the birth or date of adoption or placement for adoption.
5. You meet or exceed a lifetime limit on all benefits under another health plan. Application must be made within 31 days of the date a claim or a portion of a claim is denied due to your meeting or exceeding the lifetime limit on all benefits under the other plan.
  6. The date the *retired employee* reaches the age of 55 or the *employee* reaches the age of 65.
  7. You become eligible for assistance, with respect to the cost of coverage under the employer's group *plan*, under a state Medicaid or SCHIP health plan, including any waiver or demonstration project conducted under or in relation to these plans. You must properly file an application with the *group* within 60 days after the date you are determined to be eligible for this assistance.

**Effective date of coverage.** For enrollments during a special enrollment period as described above, coverage will be effective on the first day of the month following the date you file the enrollment application, except as specified below:

1. If a court has ordered that coverage be provided for a dependent *child*, coverage will become effective for that *child* on the earlier of (a) the first day of the month following the date you file the enrollment application or (b) within 30 days after we receive a copy of the court order or of a request from the district attorney, either parent or the person having custody of the *child*, the employer, or the *group* administrator.
2. For enrollments following the birth, adoption, or placement for adoption of a *child*, coverage will be effective as of the date of birth, adoption, or placement for adoption.

## OPEN ENROLLMENT PERIOD

The *group* has an open enrollment period once each *year*, during the month of October. During that time, an individual who meets the eligibility requirements as a *retired employee* under this *plan* may enroll. A *retired employee* may also enroll any eligible *family members* at that time. Persons eligible to enroll as *family members* may enroll only under the *retired employee's plan*.

For anyone so enrolling, coverage under this *plan* will begin on the first of January following your Open Enrollment. Coverage under the former plan ends when coverage under this *plan* begins.

## HOW COVERAGE ENDS

Your coverage ends without notice from us as provided below:

1. If the *policy* terminates, your coverage ends at the same time. This *policy* may be cancelled or changed without notice to you.
2. If the *group* no longer provides coverage for the class of *insured persons* to which you belong, your coverage ends on the effective date of that change. If this *policy* is amended to delete coverage for *family members*, a *family member's* coverage ends on the effective date of that change.
3. Coverage for *family members* ends when the *retired employee's* coverage ends.
4. Coverage ends at the end of the period for which premium has been paid to us on your behalf when the required premium for the next period is not paid.
5. If you voluntarily cancel coverage at any time, coverage ends on the premium due date coinciding with or following the date of voluntary cancellation, as provided by written notice to us.
6. If you no longer meet the requirements set forth in the "Eligible Status" provision of HOW COVERAGE BEGINS, your coverage ends as of the premium due date coinciding with or following the date you cease to meet such requirements.

### Exceptions to item 6:

- a. **Leave of Absence:** If you are a *retired employee* and the *group* pays premium to us on your behalf, your coverage may continue for up to six months during a temporary leave of absence approved by the *group*. This time period may be extended if required by law.

- b. **Handicapped Children.** If a *child* reaches the age limits shown in the "Eligible Status" provision of this section, the *child* will continue to qualify as a *family member* if he or she is (i) covered under this *plan*, (ii) still chiefly dependent on the *retired employee*, *spouse* or *domestic partner* for support and maintenance, and (iii) incapable of self-sustaining employment due to a physical or mental condition. A *physician* must certify in writing that the *child* has a physical or mental condition that makes the *child* incapable of obtaining self-sustaining employment. We will notify the *retired employee* that the *child's* coverage will end when the *child* reaches the *plan's* upper age limit at least 90-days prior to the date the *child* reaches that age. The *retired employee* must send proof of the *child's* physical or mental condition within 60-days of the date the *retired employee* receives our request. If we do not complete our determination of the *child's* continuing eligibility by the date the *child* reaches the *plan's* upper age limit, the *child* will remain covered pending our determination. When a period of two years has passed, we may request proof of continuing dependency due to a continuing physical or mental condition, but not more often than once each year. This exception will last until the *child* is no longer chiefly dependent on the *retired employee*, *spouse* or *domestic partner* for support and maintenance or a physical or mental condition no longer exists. A *child* is considered chiefly dependent for support and maintenance if he or she qualifies as a dependent for federal income tax purposes.

**Note:** If a marriage or domestic partnership terminates, the *retired employee* must give or send to the *group* written notice of the termination. Coverage for a former *spouse* or *domestic partner*, if any, ends according to the "Eligible Status" provisions. If Anthem Blue Cross Life and Health suffers a loss because of the *retired employee* failing to notify the *group* of the termination of their marriage or domestic partnership, Anthem Blue Cross Life and Health may seek recovery from the *retired employee* for any actual loss resulting thereby. Failure to provide written notice to the *group* will not delay or prevent termination of the marriage or domestic partnership. If the *retired employee* notifies the *group* in writing to cancel coverage for a former *spouse* or *domestic partner*, if any, immediately upon termination of the *retired employee's* marriage or domestic partnership, such notice will be considered compliance with the requirements of this provision.

You may be entitled to continued benefits under terms which are specified elsewhere under CONTINUATION OF COVERAGE, CALCOBRA CONTINUATION OF COVERAGE, and EXTENSION OF BENEFITS.

**Unfair Termination of Coverage.** If you believe that your coverage has been or will be improperly terminated, you may request a review of the matter by the California Department of Insurance (CDI). You may contact the CDI using the address and telephone numbers listed in the COMPLAINT NOTICE. You must make your request for review with the CDI within 180 days from the date you receive notice that your coverage will end, or the date your coverage is actually cancelled, whichever is later, but you should make your request as soon as possible after you receive notice that your coverage will end. This 180 day timeframe will not apply if, due to substantial health reasons or other incapacity, you are unable to understand the significance of the cancellation notice and act upon it. If you make your request for review within 30 days after you receive notice that your coverage will end, or your coverage is still in effect when you make your request, we will continue to provide coverage to you under the terms of this *plan* until a final determination of your request for review has been made by the CDI (this does not apply if your coverage is cancelled for non-payment of premium). If your coverage is maintained in force pending outcome of the review, premium must still be paid to us on your behalf.

## **CONTINUATION OF COVERAGE**

Most employers who employ 20 or more people on a typical business day are subject to The Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). If the employer who provides coverage under the *policy* is subject to the federal law which governs this provision (Title X of P. L. 99-272), you may be entitled to a period of continuation of coverage. Check with your employer for details. Your employer must provide you with the name of your Health Plan Administrator. Your Health Plan Administrator will give you notice of your right to continue coverage after certain "Qualifying Events". You must notify your health Plan Administrator of the occurrence of any subsequent Qualifying Events. (See the "Terms of COBRA Continuation" provision below.)

### **DEFINITIONS**

The meanings of key terms used in this section are shown below. Whenever any of the terms shown below appear in these provisions, the first letter of each word will be capitalized. When you see these capitalized words, you should refer to this "Definitions" provision.

**Initial Enrollment Period** is the period of time following the original Qualifying Event, as indicated in the "Terms of COBRA Continuation" provisions below.

**Qualified Beneficiary** means: (a) a person enrolled for this COBRA continuation coverage who, on the day before the Qualifying Event, was covered under this *policy* as either an *insured employee* or *insured family member*; and (b) a *child* who is born to or placed for adoption with the *insured employee* during the COBRA continuation period. Qualified Beneficiary does not include any person who was not enrolled during the Initial Enrollment Period, including any *family members* acquired during the COBRA continuation period with the exception of newborns and adoptees as specified above.

**Qualifying Event** means any one of the following circumstances which would otherwise result in the termination of your coverage under the *policy*. The events will be referred to throughout this section by number.

**1. For Insured Employees and Insured Family Members:**

- a. The *employee's* termination of employment, for any reason other than gross misconduct; or
- b. Loss of coverage under an employer's health plan due to a reduction in the *employee's* work hours.

**2. For Retired Employees and their Insured Family Members.**

Cancellation or a substantial reduction of retiree benefits under the *plan* due to the *group's* filing for Chapter 11 bankruptcy, provided:

- a. The *policy* expressly includes coverage for retirees; and
- b. Such cancellation or reduction of benefits occurs within one year before or after the *group's* filing for bankruptcy.

**3. For Insured Family Members:**

- a. The death of the *insured employee*;
- b. The *spouse's* divorce or legal separation from the *employee*;
- c. The end of a *domestic partner's* partnership with the *employee*;
- d. The end of a *child's* status as a dependent *child*, as defined by the *policy*; or
- e. The *employee's* entitlement to Medicare.

**ELIGIBILITY FOR COBRA CONTINUATION**

An *insured employee* or *insured family member* may choose to continue coverage under the *policy* if his or her coverage would otherwise end due to a Qualifying Event.

## TERMS OF COBRA CONTINUATION

**Notice.** The Health Plan Administrator (we are not the administrator) will notify either the *insured employee* or *insured family member* of the right to continue coverage under COBRA, as provided below:

1. For Qualifying Events 1, or 2, the *employee* will be notified of the right to continue coverage.
2. For Qualifying Events 3(a) or 3(e) above, a *family member* will be notified of the COBRA continuation right.
3. For Qualifying Events 3(b), 3(c), or 3(d) above, you must inform the Health Plan Administrator within 60 days of the Qualifying Event if you wish to continue coverage. The Health Plan Administrator, in turn, will promptly give you official notice of the continuation right.

If you choose to continue coverage you must notify us within 60 days of the date you receive notice of your COBRA continuation right from your Health Plan Administrator. The COBRA continuation coverage may be chosen for all *insured persons* within a family, or only for selected *insured persons*.

If you fail to elect the COBRA continuation during the Initial Enrollment Period, you may not elect the COBRA continuation at a later date.

You must remit the initial premium to us within 45 days after you elect COBRA continuation coverage.

**Additional Insured Family Members.** A *spouse, domestic partner or child* acquired during the COBRA continuation period is eligible to be enrolled as a *family member*. The standard enrollment provisions of the *policy* apply to enrollees during the COBRA continuation period.

**Cost of Coverage.** You are required to pay the entire cost of your COBRA continuation coverage. You must remit this cost (called the "premium") to us each month during the COBRA continuation period. In addition to the premium, we will add a monthly administrative fee equal to two percent of the premium rate. We must receive payment of the premium and administrative fee each month in order to maintain the coverage in force.

Besides applying to the *insured employee*, the *employee's* premium rate will also apply to:

1. A *spouse* whose COBRA continuation began due to divorce, separation or death of the *employee*;
2. A *domestic partner* whose COBRA continuation began due to the end of the domestic partnership or death of the *employee*;

3. A *child*, if neither the *employee* nor the *spouse* has enrolled for this COBRA continuation coverage (if more than one *child* is so enrolled, the premium will be the two-party or three-party rate depending on the number of *children* enrolled); and
4. A *child* whose COBRA continuation began due to the person no longer meeting the dependent *child* definition.

**Payment Dates.** The first payment is due along with your enrollment form within 45 days after you elect continuation coverage. We will bill you for any retroactive charges which may be due. Succeeding premiums are due on the first day of each following month (the Premium Due Date).

**Grace Period.** For every Premium Due Date, except the first, there is a 31-day grace period in which to pay premiums. If premiums are not received by the end of the grace period, your coverage will be canceled at the end of the period for which premiums are last paid.

**Premium Rate Change.** The premium rates may be changed by us as of any Premium Due Date. Your Health Plan Administrator agrees to provide you with written notice at least 60 days prior to the date any premium rate increase goes into effect.

**Subsequent Qualifying Events.** Once covered under the COBRA continuation, it's possible for a second Qualifying Event to occur. If that happens, an *insured person*, who is a Qualified Beneficiary, may be entitled to an extended COBRA continuation period. This period will in no event continue beyond 36 months from the date of the first qualifying event.

For example, a *child* may have been originally eligible for this COBRA continuation due to termination of the *insured employee's* employment, and was enrolled for this COBRA continuation as a Qualified Beneficiary. If, during the COBRA continuation period, the *child* reaches the upper age limit of the *plan*, the *child* is eligible for an extended continuation period which would end no later than 36 months from the date of the original Qualifying Event (the termination of employment).

**When COBRA Continuation Coverage Begins.** When COBRA continuation coverage is elected during the Initial Enrollment Period and the premium is paid, coverage is reinstated back to the date of the original Qualifying Event, so that no break in coverage occurs.

For *family members* properly enrolled during the COBRA continuation, coverage begins according to the enrollment provisions of the *policy*.

**When the COBRA Continuation Ends.** This COBRA continuation will end on the earliest of:

1. The end of 18 months from the Qualifying Event, if the Qualifying Event was termination of employment or reduction in work hours;\*
2. The end of 36 months from the Qualifying Event, if the Qualifying Event was the death of the *insured employee*, divorce or legal separation, the end of a domestic partnership, or the end of dependent *child* status;\*
3. The end of 36 months from the date the *insured employee* became entitled to Medicare, if the Qualifying Event was the *employee's* entitlement to Medicare. If entitlement to Medicare does not result in coverage terminating and Qualifying Event 1 occurs within 18 months after Medicare entitlement, coverage for Qualified Beneficiaries other than the *insured employee* will end 36 months from the date the *insured employee* became entitled to Medicare;
4. The date the *policy* terminates;
5. The end of the period for which premiums are last paid;
6. The date, following the election of COBRA, the *insured person* first becomes covered under any other group health plan, unless the other group health plan contains an exclusion or limitation relating to a pre-existing condition of the *insured person*, in which case this COBRA continuation will end at the end of the period for which the pre-existing condition exclusion or limitation applied; or
7. The date, following the election of COBRA, the *insured person* first becomes entitled to Medicare. However, entitlement to Medicare will not preclude a person from continuing coverage which the person became eligible for due to Qualifying Event 2.

\*For an *insured person* whose COBRA continuation coverage began under a *prior plan*, this term will be dated from the time of the Qualifying Event under that *prior plan*. Additional note: If your COBRA continuation under this *plan* began on or after January 1, 2003 and ends in accordance with item 1, you may further elect to continue coverage for medical benefits only under CalCOBRA for the balance of 36 months (COBRA and CalCOBRA combined). All COBRA eligibility must be exhausted before you are eligible to further continue coverage under CalCOBRA. Please see CALCOBRA CONTINUATION OF COVERAGE in this booklet for more information.

Subject to the *policy* remaining in effect, a retired *employee* whose COBRA continuation coverage began due to Qualifying Event 2 may be covered for the remainder of his or her life; that person's covered *family members* may continue coverage for 36 months after the *employee's* death. However, coverage could terminate prior to such time for either *employee* or *family member* in accordance with items 4, 5 or 6 above.

**Other Coverage Options Besides COBRA Continuation Coverage.**

Instead of enrolling in COBRA continuation coverage, there may be other coverage options for you and your family through the Health Insurance Marketplace, Medicaid, or other group health plan coverage options (such as a *spouse's* plan) through the conditions listed under the SPECIAL ENROLLMENT PERIODS provision. Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at [www.healthcare.gov](http://www.healthcare.gov).

**EXTENSION OF CONTINUATION DURING TOTAL DISABILITY**

If at the time of termination of employment or reduction in hours, or at any time during the first 60 days of the COBRA continuation, a Qualified Beneficiary is determined to be disabled for Social Security purposes, all covered *insured persons* may be entitled to up to 29 months of continuation coverage after the original Qualifying Event.

**Eligibility for Extension.** To continue coverage for up to 29 months from the date of the original Qualifying Event, the disabled *insured person* must:

1. Satisfy the legal requirements for being totally and permanently disabled under the Social Security Act; and
2. Be determined and certified to be so disabled by the Social Security Administration.

**Notice.** The *insured person* must furnish us with proof of the Social Security Administration's determination of disability during the first 18 months of the COBRA continuation period and no later than 60 days after the later of the following events:

1. The date of the Social Security Administration's determination of the disability;
2. The date on which the original Qualifying Event occurs;
3. The date on which the Qualified Beneficiary loses coverage; or
4. The date on which the Qualified Beneficiary is informed of the obligation to provide the disability notice.

**Cost of Coverage.** For the 19th through 29th months that the total disability continues, you must remit to us the cost for the extended continuation coverage. This cost (called the “premium”) shall be subject to the following conditions:

1. If the disabled *insured person* continues coverage during this extension, this cost shall be **150%** of the applicable rate for the length of time the disabled *insured person* remains covered, depending upon the number of covered dependents. If the disabled *insured person* does not continue coverage during this extension, this charge shall remain at **102%** of the applicable rate.
2. You are required to pay the entire cost of the extended continuation coverage.
3. You must remit the cost for extended continuation coverage to us each month. We must receive your timely payment of the premium each month in order to maintain the coverage in force.

If a second Qualifying Event occurs during this extended continuation, the total COBRA continuation may continue for up to 36 months from the date of the first Qualifying Event. The premium rate shall then be **150%** of the applicable rate for the 19th through 36th months if the disabled *insured person* remains covered. The charge will be **102%** of the applicable rate for any periods of time the disabled *insured person* is not covered following the 18th month.

**When The Extension Ends.** This extension will end at the earlier of:

1. The end of the month following a period of 30 days after the Social Security Administration's final determination that you are no longer totally disabled;
2. The end of 29 months from the Qualifying Event;
3. The date the *policy* terminates;
4. The end of the period for which premiums are last paid;
5. The date, following the election of COBRA, the *insured person* first becomes covered under any other group health plan, unless the other group health plan contains an exclusion or limitation relating to a pre-existing condition of the *insured person*, in which case this COBRA extension will end at the end of the period for which the pre-existing condition exclusion or limitation applied; or
6. The date, following the election of COBRA, the *insured person* first becomes entitled to Medicare. However, entitlement to Medicare will not preclude a person from continuing coverage which the person became eligible for due to Qualifying Event 2.

You must inform the Health Plan Administrator within 30 days of a final determination by the Social Security Administration that you are no longer totally disabled.

\*Note: If your COBRA continuation under this *plan* began on or after January 1, 2003 and ends in accordance with item 2, you may further elect to continue coverage for medical benefits only under CalCOBRA for the balance of 36 months (COBRA and CalCOBRA combined). All COBRA eligibility must be exhausted before you are eligible to further continue coverage under CalCOBRA. Please see CALCOBRA CONTINUATION OF COVERAGE in this booklet for more information.

## **CALCOBRA CONTINUATION OF COVERAGE**

If your continuation coverage under federal COBRA began on or after January 1, 2003, you have the option to further continue coverage under CalCOBRA for medical benefits only if your federal COBRA ended following:

1. 18 months after the qualifying event, if the qualifying event was termination of employment or reduction in work hours; or
2. 29 months after the qualifying event, if you qualified for the extension of COBRA continuation during total disability.

All federal COBRA eligibility must be exhausted before you are eligible to further continue coverage under CalCOBRA. You are not eligible to further continue coverage under CalCOBRA if you (a) are entitled to Medicare; (b) have other coverage or become covered under another group plan, as long as you are not subject to a pre-existing condition limitation under that coverage; or (c) are eligible for or covered under federal COBRA. Coverage under CalCOBRA is available for medical benefits only.

## TERMS OF CALCOBRA CONTINUATION

**Notice.** Within 180 days prior to the date federal COBRA ends, we will notify you of your right to further elect coverage under CalCOBRA. If you choose to elect CalCOBRA coverage, you must notify us in writing within 60 days of the date your coverage under federal COBRA ends or when you are notified of your right to continue coverage under CalCOBRA, whichever is later. If you don't give us written notification within this time period you will not be able to continue your coverage.

Please examine your options carefully before declining this coverage. You should be aware that companies selling individual health insurance typically require a review of your medical history that could result in higher cost or you could be denied coverage entirely.

**Additional Family Members.** A dependent acquired during the CalCOBRA continuation period is eligible to be enrolled as a *family member*. The standard enrollment provisions of the *policy* apply to enrollees during the CalCOBRA continuation period.

**Cost of Coverage.** You will be required to pay the entire cost of your CalCOBRA continuation coverage (this is the "premium"). This cost will be:

1. 110% of the applicable *group* rate if your coverage under federal COBRA ended after 18 months; or
2. 150% of the applicable *group* rate if your coverage under federal COBRA ended after 29 months.

You must make payment to us within the timeframes specified below. We must receive payment of your premium each month to maintain your coverage in force.

**Payment Dates.** The first payment is due along with your enrollment form within 45 days after you elect continuation coverage. You must make this payment by first-class mail or other reliable means of delivery, in an amount sufficient to pay any required premium and premium due. Failure to submit the correct amount within this 45-day period will disqualify you from receiving continuation coverage under CalCOBRA. Succeeding premium payments are due on the first day of each following month.

If premium payments are not received when due, your coverage will be cancelled. We will cancel your coverage only upon sending you written notice of cancellation at least 30 days prior to cancelling your coverage (or any longer period of time required by applicable federal law, rule, or regulation). If you make payment in full within this time period, your coverage will not be cancelled. If you do not make the required payment in full within this time period, your coverage will be cancelled as of 12:00 midnight on the thirtieth day after the date on which the notice of cancellation is sent (or any longer period of time required by applicable federal law, rule, or regulation) and will not be reinstated. Any payment we receive after this time period runs out will be refunded to you within 20 business days. Note: You are still responsible for any unpaid premium payments that you owe to us, including premium payments that apply during any grace period.

**Premium Rate Change.** The premium rates may be changed by us as of any premium due date. We will provide you with written notice at least 60 days prior to the date any premium rate increase goes into effect.

**Accuracy of Information.** You are responsible for supplying up-to-date eligibility information. We shall rely upon the latest information received as correct without verification; but we maintain the right to verify any eligibility information you provide.

**CalCOBRA Continuation Coverage Under the Prior Plan.** If you were covered through CalCOBRA continuation under the *prior plan*, your coverage may continue under this *plan* for the balance of the continuation period. However your coverage shall terminate if you do not comply with the enrollment requirements and premium payment requirements of this *plan* within 30 days of receiving notice that your continuation coverage under the *prior plan* will end.

**When CalCOBRA Continuation Coverage Begins.** When you elect CalCOBRA continuation coverage and pay the premium, coverage is reinstated back to the date federal COBRA ended, so that no break in coverage occurs.

For *family members* properly enrolled during the CalCOBRA continuation, coverage begins according to the enrollment provisions of the *policy*.

**When the CalCOBRA Continuation Ends.** This CalCOBRA continuation will end on the earliest of:

1. The date that is 36 months after the date of your qualifying event under federal COBRA\*;
2. The date the *policy* terminates;

3. The date the *group* no longer provides coverage to the class of employees to which you belong;
4. The end of the period for which premium is last paid (your coverage will be cancelled upon written notification, as explained under "Payment Dates", above);
5. The date you become covered under any other health plan, unless the other health plan contains an exclusion or limitation relating to a pre-existing condition that you have. In this case, this continuation will end at the end of the period for which the pre-existing condition exclusion or limitation applied;
6. The date you become entitled to Medicare; or
7. The date you become covered under a federal COBRA continuation.

CalCOBRA continuation will also end if you move out of our service area or if you commit fraud.

\*If your CalCOBRA continuation coverage began under a *prior plan*, this term will be dated from the time of the qualifying event under that *prior plan*.

## EXTENSION OF BENEFITS

If you are a *totally disabled employee* or a *totally disabled family member* and under the treatment of a *physician* on the date of discontinuance of the *policy*, your benefits may be continued for treatment of the totally disabling condition. This extension of benefits is not available if you become covered under another group health plan that provides coverage without limitation for your disabling condition. Extension of benefits is subject to the following conditions:

1. If you are confined as an inpatient in a *hospital* or *skilled nursing facility*, you are considered totally disabled as long as the inpatient *stay* is *medically necessary*, and no written certification of the total disability is required. If you are discharged from the *hospital* or *skilled nursing facility*, you may continue your total disability benefits by submitting written certification by your *physician* of the total disability within 90 days of the date of your discharge. Thereafter, we must receive proof of your continuing total disability at least once every 90 days while benefits are extended.
2. If you are not confined as an inpatient but wish to apply for total disability benefits, you must do so by submitting written certification by your *physician* of the total disability. We must receive this certification within 90 days of the date coverage ends under this *plan*. At least once every 90 days while benefits are extended, we must receive proof that your total disability is continuing.

3. Your extension of benefits will end when any one of the following circumstances occurs:
  - a. You are no longer totally disabled.
  - b. The maximum benefits available to you under this *plan* are paid.
  - c. You become covered under another group health plan that provides benefits without limitation for your disabling condition.
  - d. A period of up to 12 months has passed since your extension began.

## **GENERAL PROVISIONS**

**Providing of Care.** We are not responsible for providing any type of *hospital*, medical or similar care, nor are we responsible for the quality of any such care received.

**Independent Contractors.** Our relationship with providers is that of an independent contractor. *Physicians*, and other health care professionals, *hospitals*, *skilled nursing facilities* and other community agencies are not our agents nor are we, or any of our employees, an employee or agent of any *hospital*, medical group or medical care provider of any type.

**Non-Regulation of Providers.** The benefits provided under this *plan* do not regulate the amounts charged by providers of medical care.

### **Terms of Coverage**

1. In order for you to be entitled to benefits under the *policy*, both the *policy* and your coverage under the *policy* must be in effect on the date the expense giving rise to a claim for benefits is incurred.
2. The benefits to which you may be entitled will depend on the terms of coverage in effect on the date the expense giving rise to a claim for benefits is incurred. An expense is incurred on the date you receive the service or supply for which the charge is made.
3. The *policy* is subject to amendment, modification or termination according to the provisions of the *policy* without your consent or concurrence.

**Nondiscrimination.** No person who is eligible to enroll will be refused enrollment based on health status, health care needs, genetic information, previous medical information, disability, sexual orientation or identity, gender, or age.

**Protection of Coverage.** We do not have the right to cancel your coverage under this *plan* while: (1) this *plan* is in effect; (2) you are eligible; and (3) your premiums are paid according to the terms of the *policy*.

**Medical Necessity.** The benefits of this *plan* are provided only for services which are *medically necessary*. The services must be ordered by the attending *physician* for the direct care and treatment of a covered condition. They must be standard medical practice where received for the condition being treated and must be legal in the United States.

**Expense in Excess of Benefits.** We are not liable for any expense you incur in excess of the benefits of this *plan*.

**Benefits Not Transferable.** Only *insured persons* are entitled to receive benefits under this *plan*. The right to benefits cannot be transferred.

**Notice of Claim.** You, the provider of service or someone on your behalf, must give us written notice of a claim within 20 days after you incur covered charges under this plan, or as soon as reasonably possible thereafter.

**Claim Forms.** After we receive a written notice of claim, we will give you any forms you need to file proof of loss. If we do not give you these forms within 15 days after you have filed your notice of claim, you will not have to use these forms, and you may file proof of loss by sending us written proof of the occurrence giving rise to the claim. Such written proof must include the extent and character of the loss.

**Note:** To obtain a claim form you or someone on your behalf may call the member services phone number shown on your ID Card or go to our website at [www.anthem.com/ca](http://www.anthem.com/ca) and download and print one.

**Member's Cooperation.** You will be expected to complete and submit to us all such authorizations, consents, releases, assignments and other documents that may be needed in order to obtain or assure reimbursement under Medicare, Workers' Compensation or any other governmental program. If you fail to cooperate (including if you fail to enroll under Part B of the Medicare program where Medicare is the responsible payer), you will be responsible for any charge for services.

**Proof of Loss.** You or the provider of service must send us properly and fully completed claim forms within 90 days of the date you receive the service or supply for which a claim is made. If it is not reasonably possible to submit the claim within that time frame, an extension of up to 12 months will be allowed. Except in the absence of legal capacity, we are not liable for the benefits of the *plan* if you do not file claims within the required time period, unless an extension is required by federal law. We will not be liable for benefits if we do not receive written proof of loss on time.

Services received and charges for the services must be itemized, and clearly and accurately described. Claim forms must be used; canceled checks or receipts are not acceptable.

**Timely Payment of Claims.** Any benefits due under this plan shall be payable, as soon as practical, but no later than 30 working days after we have received proper, written proof of loss, together with such reasonably necessary additional information we may require to determine our obligation. If a claim is contested or denied, Anthem Blue Cross Life and Health shall notify the *insured person* in writing, within 30 working days after receipt of the claim, that the claim is contested or denied. This will be done through a letter or an explanation of benefits (EOB), identifying the portion of the claim that is contested or denied and describing the reasons for the contention or denial of the claim. A copy of the letter or EOB will also be sent to the health care provider who rendered the services at issue. Any balance remaining unpaid at termination of the period of liability will be paid to the *insured person* or health care provider, as applicable, immediately upon receipt of due written proof.

**Payment to Providers.** We will pay the benefits of this *plan* directly to medical transportation providers. Also, we may pay other providers of service directly when you assign benefits in writing. If another party pays for your medical care and you assign benefits in writing, we may pay the benefits of this *plan* to that party. These payments will fulfill our obligation to you for those covered services.

**Exception:** Under certain circumstances we will pay the benefits of this *plan* directly to a provider or third party even without your assignment of benefits in writing. To receive direct payment, the provider or third party must provide us the following:

1. Proof of payment of medical services and the provider's itemized bill for such services;
2. If the *insured person* does not reside with the patient, either a copy of the judicial order requiring the *employee* to provide coverage for the patient or a state approved form verifying the existence of such judicial order which would be filed with us on an annual basis;
3. If the *employee* does not reside with the patient, and if the provider is seeking direct reimbursement, an itemized bill with the signature of the custodian or guardian certifying that the services have been provided and supplying on an annual basis, either a copy of the judicial order requiring the *employee* to provide coverage for the patient or a state approved form verifying the existence of such judicial order;
4. The name and address of the person to be reimbursed, the name and policy number of the *employee*, the name of the patient, and other necessary information related to the coverage.

**Right of Recovery.** Whenever payment has been made in error, we will have the right to make appropriate adjustment to claims, recover such payment from you or, if applicable, the provider, in accordance with

applicable laws and regulations. In the event we recover a payment made in error from the provider, except in cases of fraud or misrepresentation on the part of the provider, we will only recover such payment from the provider within 365 days of the date we made the payment on a claim submitted by the provider. We reserve the right to deduct or offset any amounts paid in error from any pending or future claim.

Under certain circumstances, if we pay your healthcare provider amounts that are your responsibility, such as deductibles, co-payments or co-insurance, we may collect such amounts directly from you. You agree that we have the right to recover such amounts from you.

We have oversight responsibility for compliance with provider and vendor and subcontractor contracts. We may enter into a settlement or compromise regarding enforcement of these contracts and may retain any recoveries made from a provider, vendor, or subcontractor resulting from these audits if the return of the overpayment is not feasible.

We have established recovery policies to determine which recoveries are to be pursued, when to incur costs and expenses, and whether to settle or compromise recovery amounts. We will not pursue recoveries for overpayments if the cost of collection exceeds the overpayment amount. We may not provide you with notice of overpayments made by us or you if the recovery method makes providing such notice administratively burdensome.

**Plan Administrator - COBRA and ERISA.** In no event will we be plan administrator for the purposes of compliance with the Consolidated Omnibus Budget Reconciliation Act (COBRA) or the Employee Retirement Income Security Act (ERISA). The term "plan administrator" refers either to the *group* or to a person or entity, other than us, engaged by the *group* to perform or assist in performing administrative tasks in connection with the *group's* health plan. The *group* is responsible for satisfaction of notice, disclosure and other obligations of administrators under ERISA. In providing notices and otherwise performing under the CONTINUATION OF COVERAGE section of this booklet, the *group* is fulfilling statutory obligations imposed on it by federal law and, where applicable, acting as your agent.

**Workers' Compensation Insurance.** The *policy* does not affect any requirement for coverage by workers' compensation insurance. It also does not replace that insurance.

**Entire Contract.** This certificate, including any amendments and endorsements to it, is a summary of your benefits. It replaces any older certificates issued to you for the coverages described in the Summary of Benefits. All benefits are subject in every way to the entire *policy* which includes this certificate. The terms of the *policy* may be changed only by a written endorsement signed by one of our authorized officers. No agent or employee has any authority to change any of the terms, or waive the provisions of, the *policy*.

**Liability For Statements.** No statements made by you, unless they appear on a written form signed by you or are fraudulent, will be used to deny a claim under the *policy*. Statements made by you will not be deemed warranties. With regard to each statement, no statement will be used by us in defense to a claim unless it appears in a written form signed by you and then only if a copy has been furnished to you. After two years following the filing of such claim, if the coverage under which such claim is filed has been in force during that time, no such statement will be used to deny such a claim, unless the statement is fraudulent.

**Confidentiality and Release of Information.** Applicable state and federal law requires us to undertake efforts to safeguard your medical information.

For informational purposes only, please be advised that a statement describing our policies and procedures regarding the protection, use and disclosure of your medical information is available on our website and can be furnished to you upon request by contacting our Member Services department.

Obligations that arise under state and federal law and policies and procedures relating to privacy that are referenced but not included in this booklet are not part of the contract between the parties and do not give rise to contractual obligations.

**Physical Examination.** At our expense, we have the right and opportunity to examine any *insured person* claiming benefits when and as often as reasonably necessary while a claim is pending.

**Legal Actions.** No attempt to recover on the plan through legal or equity action may be made until at least 60 days after the written proof of loss has been furnished as required by this plan. No such action may be started later than three years from the time written proof of loss is required to be furnished.

**Policies and Procedures.** We are able to introduce new policies, procedures, rules and interpretations, as long as they are reasonable. Such changes are introduced to make the *plan* more orderly and efficient. *Insured persons* must follow and accept any new policies, procedures, rules, and interpretations.

Under the terms of the *policy*, we have the authority to introduce or terminate from time to time, pilot or test programs for disease management, care management or wellness initiatives which may result in the payment of benefits not otherwise specified in this booklet. We reserve the right to discontinue a pilot or test program at any time.

**Conformity with Laws.** Any provision of the *policy* which, on its effective date, is in conflict with the laws of the governing jurisdiction, is hereby amended to conform to the minimum requirements of such laws.

**Financial Arrangements with Providers.** Under arrangements with some health care providers and suppliers (hereafter referred to together as "Providers") certain discounts, payments, rebates, settlements, incentives, adjustments and/or allowances, including, but not limited to, pharmacy rebates, may be based on aggregate payments made by Anthem Blue Cross Life and Health or an affiliate in respect to all health care services rendered to all persons who have coverage through a program provided or administered by Anthem Blue Cross Life and Health or an affiliate. They are not attributed to specific claims or plans and do not inure to the benefit of any covered individual or group, but may be considered by Anthem Blue Cross Life and Health or an affiliate in determining its fees or subscription charges or premiums.

## GRIEVANCE PROCEDURES

Except where an *insured person's* life or health would be seriously jeopardized, you must first exhaust our internal grievance process before we will grant your request for an external review (see the COMPLAINT NOTICE at the end of this booklet). In no event shall your rights to an external review be any more restrictive than those set forth in the Uniform External Review Model Act established by the National Association of Insurance Commissioners (NAIC), by the Secretary of the federal Department of Health and Human Services (HHS), or within the California state external review act, as applicable under state and federal law. There is no fee for an external review. If you have a question about our internal grievance process, filing a grievance, or the external review process, please call Member Services at the Member Services number listed on your ID card or you may write to us at Anthem Blue Cross Life and Health Insurance Company, 21215 Burbank Blvd., Woodland Hills, CA 91367.

If, after our denial, we consider, rely on or generate any new or additional evidence in connection with your claim, we will provide you with that new or additional evidence, free of charge. We will not base our appeal decision on a new or additional rationale without first providing you (free of charge) with, and a reasonable opportunity to respond to, any such new or additional rationale. If we fail to follow the appeal procedures outlined

under this section the appeals process may be deemed exhausted. However, the appeals process will not be deemed exhausted due to minor violations that do not cause, and are not likely to cause, prejudice or harm so long as the error was for good cause or due to matters beyond our control.

### **INDEPENDENT MEDICAL REVIEW OF DENIALS OF EXPERIMENTAL OR INVESTIGATIVE TREATMENT**

If coverage for a proposed treatment is denied because we determine that the treatment is *experimental* or *investigative*, you may ask that the denial be reviewed by an external independent medical review organization contracting with the California Department of Insurance ("CDI"). Your request for this review may be submitted to the CDI. You pay no application or processing fees of any kind for this review. You have the right to provide information in support of your request for review. A decision not to participate in this review process may cause you to forfeit any statutory right to pursue legal action against us regarding the disputed health care service. We will send you an application form and an addressed envelope for you to use to request this review with any grievance disposition letter denying coverage for this reason. You may also request an application form by calling us at the telephone number listed on your identification card or write to us at Anthem Blue Cross Life and Health Insurance Company, P.O. Box 4310, Woodland Hills, CA 91365-4310. To qualify for this review, all of the following conditions must be met:

- You have a life-threatening or seriously debilitating condition, described as follows:
  - ◆ A life-threatening condition is a condition or disease where the likelihood of death is high unless the course of the disease is interrupted or a condition or disease with a potentially fatal outcome where the end point of clinical intervention is the patient's survival.
  - ◆ A seriously debilitating condition is a disease or condition that causes major, irreversible morbidity.
- Your *physician* must certify that either (a) standard treatment has not been effective in improving your condition, (b) standard treatment is not medically appropriate, or (c) there is no more beneficial standard treatment covered by this *plan* than the proposed treatment.

- The proposed treatment must be requested by you or by a licensed board certified or board eligible *physician* qualified to treat your condition. The treatment requested must be likely to be more beneficial for you than standard treatments based on two documents of scientific and medical evidence from the following sources:
  - a) Peer-reviewed scientific studies published in or accepted for publication by medical journals that meet nationally recognized standards;
  - b) Medical literature meeting the criteria of the National Institutes of Health's National Library of Medicine for indexing in Index Medicus, Excerpta Medicus (EMBASE), Medline, and MEDLARS database of Health Services Technology Assessment Research (HSTAR);
  - c) Medical journals recognized by the Secretary of Health and Human Services, under Section 1861(t)(2) of the Social Security Act;
  - d) Either of the following: (i) The American Hospital Formulary Service's Drug Information, or (ii) the American Dental Association Accepted Dental Therapeutics;
  - e) Any of the following references, if recognized by the federal Centers for Medicare and Medicaid Services as part of an anticancer chemotherapeutic regimen: (i) the Elsevier Gold Standard's Clinical Pharmacology, (ii) the National Comprehensive Cancer Network Drug and Biologics Compendium, or (iii) the Thomson Micromedex DrugDex;
  - f) Findings, studies or research conducted by or under the auspices of federal governmental agencies and nationally recognized federal research institutes, including the Federal Agency for Health Care Policy and Research, National Institutes of Health, National Cancer Institute, National Academy of Sciences, Centers for Medicare and Medicaid Services, Congressional Office of Technology Assessment, and any national board recognized by the National Institutes of Health for the purpose of evaluating the medical value of health services; and
  - g) Peer reviewed abstracts accepted for presentation at major medical association meetings.

In all cases, the certification must include a statement of the evidence relied upon.

You are not required to go through our grievance process for more than 30 days. If your grievance needs expedited review, you are not required to go through our grievance process for more than three days.

You must request this review within six months of the date you receive a denial notice from us in response to your grievance, or from the end of the 30 day or three day grievance period, whichever applies. This application deadline may be extended by the CDI for good cause.

Within three business days of receiving notice from the CDI of your request for review we will send the reviewing panel all relevant medical records and documents in our possession, as well as any additional information submitted by you or your *physician*. Any newly developed or discovered relevant medical records identified by us or by a qualified *physician* after the initial documents are sent will be immediately forwarded to the reviewing panel. The external independent review organization will complete its review and render its opinion within 30 days of its receipt of request for review (or within seven days if your *physician* determines that the proposed treatment would be significantly less effective if not provided promptly). This timeframe may be extended by up to three days for any delay in receiving necessary records.

## **INDEPENDENT MEDICAL REVIEW OF GRIEVANCES INVOLVING A DISPUTED HEALTH CARE SERVICE**

You may request an independent medical review ("IMR") of disputed health care services from the California Department of Insurance ("CDI") if you believe that we have improperly denied, modified, or delayed health care services. A "disputed health care service" is any health care service eligible for coverage and payment under your *plan* that has been denied, modified, or delayed by us, in whole or in part because the service is not *medically necessary*.

The IMR process is in addition to any other procedures or remedies that may be available to you. You pay no application or processing fees of any kind for IMR. You have the right to provide information in support of the request for IMR. We must provide you with an IMR application form and an addressed envelope for you to use to request IMR with any grievance disposition letter that denies, modifies, or delays health care services. A decision not to participate in the IMR process may cause you to forfeit any statutory right to pursue legal action against us regarding the disputed health care service.

Eligibility: The CDI will review your application for IMR to confirm that:

1. (a) Your provider has recommended a health care service as *medically necessary*, or

- (b) You have received *urgent care* or *emergency services* that a provider determined was *medically necessary*, or
  - (c) You have been seen by a provider for the diagnosis or treatment of the medical condition for which you seek independent review;
2. The disputed health care service has been denied, modified, or delayed by us, based in whole or in part on a decision that the health care service is not *medically necessary*; and
  3. You have filed a grievance with us and the disputed decision is upheld or the grievance remains unresolved after 30 days. If your grievance requires expedited review you need not participate in our grievance process for more than three days. The CDI may waive the requirement that you follow our grievance process in extraordinary and compelling cases.

You must apply for IMR within six months of the date you receive a denial notice from us in response to your grievance or from the end of the 30 day or three day grievance period, whichever applies. This application deadline may be extended by the CDI for good cause.

If your case is eligible for IMR, the dispute will be submitted to a medical specialist or specialists who will make an independent determination of whether or not the care is *medically necessary*. You will receive a copy of the assessment made in your case. If the IMR determines the service is *medically necessary*, we will provide benefits for the health care service.

For non-urgent cases, the IMR organization designated by the CDI must provide its determination within 30 days of receipt of your application and supporting documents. For urgent cases involving an imminent and serious threat to your health, including, but not limited to, serious pain, the potential loss of life, limb, or major bodily function, or the immediate and serious deterioration of your health, the IMR organization must provide its determination within 3 days.

For more information regarding the IMR process, or to request an application form, please call us at the member services telephone number listed on your ID card.

## **BINDING ARBITRATION**

**ALL DISPUTES INCLUDING BUT NOT LIMITED TO DISPUTES RELATING TO THE DELIVERY OF SERVICE UNDER THE PLAN/POLICY OR ANY OTHER ISSUES RELATED TO THE PLAN/POLICY AND CLAIMS OF MEDICAL MALPRACTICE MUST BE RESOLVED BY BINDING ARBITRATION, IF THE AMOUNT IN DISPUTE EXCEEDS THE JURISDICTIONAL LIMIT OF SMALL CLAIMS COURT AND THE DISPUTE CAN BE SUBMITTED TO BINDING ARBITRATION UNDER APPLICABLE FEDERAL AND STATE LAW, INCLUDING BUT NOT LIMITED TO, THE PATIENT PROTECTION AND AFFORDABLE CARE ACT.**

**It is understood that any dispute including disputes relating to the delivery of services under the plan/Policy or any other issues related to the plan/Policy, including any dispute as to medical malpractice, that is as to whether any medical services rendered under this contract were unnecessary or unauthorized or were improperly, negligently or incompetently rendered, will be determined by submission to arbitration as permitted and provided by federal and California law, including but not limited to, the Patient Protection and Affordable Care Act, and not by a lawsuit or resort to court process except as California law provides for judicial review of arbitration proceedings. Both parties to this contract, by entering into it, are giving up their constitutional right to have any such dispute decided in a court of law before a jury, and instead are accepting the use of arbitration.**

**THIS MEANS THAT YOU AND ANTHEM BLUE CROSS LIFE AND HEALTH INSURANCE COMPANY AND/OR ANTHEM BLUE CROSS AGREE TO BE BOUND BY THIS ARBITRATION PROVISION AND ACKNOWLEDGE THAT THE RIGHT TO A JURY TRIAL OR TO PARTICIPATE IN A CLASS ACTION IS WAIVED FOR BOTH DISPUTES RELATING TO THE DELIVERY OF SERVICE UNDER THE PLAN/POLICY OR ANY OTHER ISSUES RELATED TO THE PLAN/POLICY AND MEDICAL MALPRACTICE CLAIMS.**

**The Federal Arbitration Act shall govern the interpretation and enforcement of all proceedings under this BINDING ARBITRATION provision. To the extent that the Federal Arbitration Act is inapplicable, or is held not to require arbitration of a particular claim, state law governing agreements to arbitrate shall apply.**

**The arbitration findings will be final and binding except to the extent that state or federal law provides for the judicial review of arbitration proceedings.**

The arbitration is initiated by the Insured making written demand on Anthem Blue Cross Life and Health and/or Anthem Blue Cross. The arbitration will be conducted by Judicial Arbitration and Mediation Services (“JAMS”), according to its applicable Rules and Procedures. If for any reason JAMS is unavailable to conduct the arbitration, the arbitration will be conducted by another neutral arbitration entity, by agreement of the Insured and Anthem Blue Cross Life and Health and/or Anthem Blue Cross, or by order of the court, if the Insured and Anthem Blue Cross Life and Health and/or Anthem Blue Cross cannot agree.

Should damages claimed be \$50,000 or less, the arbitration shall be held by a single, neutral arbitrator mutually agreed to by the parties. Such arbitrator shall have no jurisdiction to award more than \$50,000. The arbitrator shall be selected in accordance with the applicable rules of the arbitration administration entity. With respect to an arbitration held in California, if the parties are unable to agree on the selection of an arbitrator using the rules of the arbitration administration entity, the method provided in Code of Civil Procedure Section 1281.6 shall be used.

The costs of the arbitration will be allocated per the JAMS Policy on Consumer Arbitrations. If the arbitration is not conducted by JAMS, the costs will be shared equally by the parties, except in cases of extreme financial hardship, upon application to the neutral arbitration entity to which the parties have agreed, in which cases, we will assume all or a portion of the Insured’s costs of the arbitration. Unless you, Anthem Blue Cross Life and Health Insurance Company and/or Anthem Blue Cross agree otherwise, the arbitrator may not consolidate more than one person’s claims, and may not otherwise preside over any form of a representative or class proceeding. Anthem Blue Cross Life and Health and/or Anthem Blue Cross will provide Insureds, upon request, with an application, or information on how to obtain an application from the neutral arbitration entity, for relief of all or a portion of their share of the fees and expenses of the neutral arbitration entity. Approval or denial of an application in the case of extreme financial hardship will be determined by the neutral arbitration entity.

Please send all Binding Arbitration demands in writing to Anthem Blue Cross, P.O. Box 4310, Woodland Hills, CA 91365-4310 marked to the attention of the Member services listed on your identification card.

## **STATEMENT OF RIGHTS UNDER THE NEWBORNS AND MOTHERS HEALTH PROTECTION ACT**

Under federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict benefits for any *hospital* length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery or less than 96 hours following a delivery by cesarean section. However the plan or issuer may pay for a shorter stay if the attending *physician* (e.g., your *physician*, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under federal law, plans and issuers may not set the level of benefits or out-of-pocket costs so that any later portion of the 48 hour (or 96 hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under federal law, require that a *physician* or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours).
