

Section 3.0 DUTIES AND RESPONSIBILITIES**3.6.2 Internal Audit Charter**

Adopted by the Board: November 12, 2013; Revised: November 13, 2018; Revised: September 4, 2024

I. PURPOSE

The purpose of this Charter is to formally define LACERS' internal audit function's purpose, authority, and responsibility. The internal audit charter establishes the internal audit function's position within LACERS including the nature of the Departmental Audit Manager's (or DAM) functional reporting relationship with the Board; authorizes access to records, personnel, and physical properties relevant to the performance of engagements; and defines the scope of internal audit activities. This Charter shall be reviewed annually and updated as necessary.

II. MISSION

The Mission of the Internal Audit Section is to enhance and protect organizational value by providing risk-based and objective assurance, advice, and insight. Internal Audit helps LACERS accomplish its objectives by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of governance, risk management, and control processes.

III. OBJECTIVES AND SCOPE

Assurance Objectives: The objectives of the Internal Audit Section's assurance services are to provide independent assurance to the Board, the Audit Committee, and LACERS' Executive Management that LACERS' assets are safeguarded, operating efficiency is enhanced, and compliance is maintained within prescribed laws, Board Rules, and management policies. Assurance objectives include independent assessment of LACERS' governance, risk management, and control processes.

Advisory Objectives: The objectives of the Internal Audit Section's advisory services, the nature and scope of which are agreed with management, are to provide management with assessments and advice for improving LACERS' governance, risk management and control without the Internal Audit Section assuming management responsibility. For example, advisory services may provide assessments and advice on the front-end projects so that risks can be identified, managed, and internal controls can be designed.

Scope: The scope of internal audit activities encompasses, but is not limited to, objective examinations of evidence for the purpose of providing independent assessments to the LACERS' Board, Audit Committee, management, and outside parties on the adequacy and effectiveness of governance, risk management, and control processes for LACERS. Internal audit assessments include evaluating whether:

- Risk relating to the achievement of LACERS' strategic objectives are appropriately identified and managed;
- The actions of LACERS' officers, directors, employees, and contractors are in compliance with Board's policies, procedures, and applicable laws, regulations, and governance standards;

Section 3.0 DUTIES AND RESPONSIBILITIES

- The results of operations or programs are consistent with established goals and objectives;
- Operations or programs are being carried out effectively and efficiently;
- Established processes and systems enable compliance with the policies, procedures, laws, and regulations that could significantly impact Plan;
- Information and the means used to identify, measure, analyze, classify, and report such information are reliable and have integrity;
- Resources and assets are acquired economically, used efficiently, and protected adequately;

Opportunities for improving member service, management of risks, internal control, governance, and the organization's effectiveness and image may be identified during audits. This information will be communicated to management and the Audit Committee as appropriate.

IV. AUTHORITY

The Internal Audit Section reports functionally to the Board through its Audit Committee, and administratively to the General Manager. The Audit Committee advises on the appointment, replacement, or dismissal of the Departmental Audit manager (DAM) in consultation with the General Manager as appointing authority.

The DAM is responsible for managing the Internal Audit Section and preparing an audit plan. The Audit Committee reviews and recommends the approval of the annual audit plan to the Board. The DAM shall periodically inform the Audit Committee regarding the status of the audit plan and changes needed. The DAM is authorized to allocate internal audit resources, set project frequencies, select audit subjects, determine scopes of work, and apply the techniques necessary to accomplish the audit objectives. The DAM is authorized to hire (within budgetary constraints), retain, train, and develop internal audit staff to achieve the internal audit objectives as stated in this Charter.

The DAM and other Internal Audit staff are not authorized to perform operational duties for LACERS and/or its contractors. LACERS Internal Audit staff is not authorized to initiate or approve accounting transactions external to the Internal Audit Section. Internal Audit Section staff is not authorized to direct the activities of any LACERS employee not employed in the Internal Audit Section, except to the extent such employees have been assigned appropriately to auditing teams or to otherwise assist the internal auditors.

V. ACCESS

The Departmental Audit Manager and designated audit staff, as appropriate, are granted authority for full, free, and unrestricted access to all of LACERS' functions, records, files and information systems, personnel, contractors, physical properties, and any other item relevant to the function, process or unit under review. All LACERS' contracts with vendors shall contain language enabling the internal auditors, other auditors, and specialists to have access to relevant records and information. All LACERS employees are required to assist the staff of the Internal Audit Section in fulfilling its audit functions and fiduciary duties.

Section 3.0 DUTIES AND RESPONSIBILITIES

The DAM shall have free and unrestricted access to the Chairperson of the Audit Committee and Members, the President, Vice President, and Members of the Board of Administration. The DAM shall also have free and unrestricted access to the General Manager, other executive management, and all personnel, contractors and vendors, members, retirees, and beneficiaries of LACERS.

Staff of the Internal Audit Section shall handle documents and information given to them in the same prudent and confidential manner as by those employees normally accountable for them. The DAM shall ensure that the Internal Audit staff is instructed in the handling and safeguarding of confidential information.

VI. INDEPENDENCE

Organizational Placement: To provide for the independence for the Internal Audit Section, its personnel report to the Departmental Audit Manager, who in turn reports functionally to the Board and administratively to the General Manager. By reporting functionally to the Board, the DAM is able to maintain independence and objectivity in planning and executing internal audit activities. The Board supports internal audit's role by maintaining internal audit's independence, and by recognizing and promoting internal audit as a value-added activity.

Professional Standards Independence: The Audit Committee recognizes that professional independence requires that the auditors have knowledge of operations and appropriate expertise in the subject matter that is being audited. Therefore, the DAM will include as part of the reports to the Audit Committee, a regular report regarding internal audit personnel, including their qualifications, certifications, and development. The DAM shall periodically discuss standards of professional audit independence with the Audit Committee. The standards of independence used as benchmarks shall be those indicated in the Professional Standards section of this document.

Potential Impairment of Independence: The DAM should discuss any potential issues regarding impairment of independence and/or conflicts of interest and their mitigation(s) with the Audit Committee, as necessary. If objectivity is impaired in fact or in appearance, the details of the impairment should be disclosed to the General Manager and the Audit Committee. The nature of the disclosure will depend on the impairment. Each Internal Audit Section staff member (including the DAM) shall be required to annually certify to the Audit Committee that he/she has no actual or perceived conflicts of interest that would impair their objectivity or independence. The form for such certification is attached to this charter, and may be revised by the DAM with approval of the Audit Committee as needed.

VIII. PROFESSIONAL STANDARDS

The Internal Audit Section will govern itself by adherence to the mandatory elements of The Institute of Internal Auditors' International Professional Practices Framework, including the Core Principles for the Professional Practice of Internal Auditing, the Code of Ethics, the International Standards for the Professional Practice of Internal Auditing, and the Definition of Internal Auditing. Internal Audit Section shall also obtain guidance from professional standards of other relevant professional organizations including, but not limited to, the following:

Section 3.0 DUTIES AND RESPONSIBILITIES

- Information Systems Auditing Standards, Guidelines, and Procedures, and the Code of Professional Ethics of the Information Systems Audit and Control Association (ISACA);
- Public Company Accounting Oversight Board (PCAOB) auditing standards, as applicable;
- American Institute of Certified Public Accountants (AICPA) Professional Standards and Code of Ethics, as applicable;
- Generally Accepted Government Auditing Standards (GAGAS) from the United States General Accounting Office, as applicable; and
- Other professional standards, such as those of the Institute of Management Accountants (IMA) and the Association of Certified Fraud Examiners (ACFE), as applicable.

IX. RELATIONSHIP TO THE RISK MANAGEMENT AND INTERNAL CONTROLS PROGRAMS

The Board has overall responsibility for ensuring that risks are managed. In practice, the Board delegates to management the operation and implementation of the risk management system. The Internal Audit Section's role is to provide an independent, objective, assurance and advisory service designed to add value and improve an organization's operations. It helps an organization accomplish its objectives by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of governance, risk management, and control processes.

Management is responsible for implementing the system of internal control. The Internal Audit Section helps strengthen LACERS' ability to create, protect, and sustain value by providing the Board and Management with independent, risk-based, and objective assurance advice, insight, and foresight.

X. PROCUREMENT

The Departmental Audit Manager occasionally may need to obtain expertise of persons outside of the Internal Audit Section. This expertise may be obtained within LACERS through appropriate arrangements with management. When obtaining this expertise, care must be taken to avoid conflicts of interest within LACERS that could damage the quality of the audit work performed and/or conclusions obtained.

Expertise may also be obtained from outside LACERS through contracts. In such cases, the DAM needs to obtain sufficient information regarding the scope of work of the external service provider to ensure the scope of work is adequate for the purposes of the internal audit function. The DAM must document the scope of work, professional standards to be used, deliverables, deadlines, and other matters in an engagement letter or contract. The Audit Committee should be informed of the use of an external service provider.

XI. RELATIONSHIP TO PREVENTION, DETECTION, AND CORRECTION ACTIVITIES

Because LACERS recognizes that it is more expensive to detect and correct problems after the fact than it is to prevent them in the initial stages of a project, the Internal Audit Section will strive to participate in the initial stages of major projects so that risks can be managed

appropriately and internal controls instituted in the design phase in order to prevent problems and minimize costs.

Management participation threat – Have you taken on a management or any other role which has or will result in performing management functions for any unit within LACERS? If so, please list the unit(s)		
Relationship – Do you have any official, professional, financial, or personal relationship with anyone that might limit the extent of inquiry or disclosure, or weaken audit findings in any way?
