MEDICARE PARTS A & B INFORMATION SHEET

LACERS Medicare Enrollment Requirement for Retirees & Dependents Turning Age 65

In order to qualify for a LACERS medical subsidy and be eligible for coverage in a LACERS-sponsored medical plan at age 65 or older, the Los Angeles Administrative Code Sections 4.1111(f), 4.1112(h) and/or 4.1115(d) and the LACERS Board of Administration Rules require you (the Retired Member), and, on their turning 65, your Eligible Surviving Spouse/Domestic Partner (Survivor) and dependents to:

- Enroll in Medicare Part B and provide LACERS with proof of the Medicare Part B enrollment (e.g., a copy of the Medicare card or entitlement letter from Social Security);
- Enroll in Medicare Part A if eligible for it premium-free (i.e., at no cost to the enrollee);
- Complete a Senior Enrollment Form (contact LACERS for these forms); and
- Pay your Medicare Part B premiums on time (Medicare will charge you and/or your Survivor or dependent(s) directly for the Medicare Part B premiums).

LACERS recommends that enrollment in Medicare Part B occur three months prior to turning age 65 to avoid any lapse of LACERS medical coverage.

You are not required to purchase Medicare Part A if you are not eligible for it premium free. However, you may be eligible for premium-free Medicare Part A through your spouse's eligibility for Medicare Part A or your earnings history with Social Security. Contact Social Security at (800) 772-1213 or TTY (800) 325-0778. They will assist you in enrolling in Medicare and in determining your eligibility and accrued credits for Medicare Part A.

You can also apply online by visiting www.ssa.gov/benefits/medicare to create a secured account and accessing the Social Security online retirement application.

Failure to enroll in Medicare Part B or pay your Medicare Part B premiums on time will result in the termination of your LACERS medical subsidy and medical coverage.

Retiring after Age 65

If you are retiring from City service after age 65, and/or your dependent(s) are over age 65, Medicare allows you and/or those dependents to defer enrollment in Medicare Part B until you retire. This is known as the Special Enrollment Period. You must complete additional forms (available at LACERS) when you retire and apply for Medicare.

Medicare & Living Outside the United States

You may not need to enroll in Medicare if you reside permanently outside the U.S. and its territories. However, if you later decide to reside in the U.S., Social Security may penalize you if you did not enroll in Medicare by age 65 or allowed your Medicare premiums to lapse. Contact Social Security regarding Medicare rules, regulations or penalties that may affect your medical plan coverage.

Medicare Part B Reimbursement for Retired Members with Medicare Parts A & B

The Los Angeles Administrative Code (Sections 4.1105, 4.1113 and 4.1128) states that qualified Retired Members enrolled in Medicare Parts A and B who are participating in a LACERS Senior medical plan or the Medical Plan Premium Reimbursement Program (MPRP) may be entitled to reimbursement of their **basic** Medicare Part B premiums by LACERS. The Medicare Part B basic premium does not include the IRMAA portion of your premium, as is further discussed below.

LACERS beneficiaries, such as a spouse, domestic partner, or Eligible Survivor, are not eligible for reimbursement of any portion of their Medicare Part B premiums.

LACERS does not reimburse Members for Medicare Part B premiums if they are enrolled in the Anthem Blue Cross PPO Out-of-Country plan.

Also, Members will not be eligible to receive reimbursement of their Medicare Part B premiums from LACERS if their LACERS medical coverage is terminated due to a lapse in payment of their Medicare Part B premiums.

Medicare Part B Reimbursement & IRMAAs

Because of federal legislation that became effective in 2007, higher-income earning Medicare enrollees are now required to pay higher Medicare Part B premiums that consist of the Part B basic premium rate plus an Income-Related Monthly Adjustment Amount (IRMAA).

LACERS does not apply your medical subsidy toward or reimburse you for any Medicare-related IRMAA costs.

Failure to pay your IRMAAs will result in the termination of your LACERS medical subsidy and medical coverage.

Termination of your LACERS Medical Plan

If you default on your Medicare Part B premiums and are terminated from your LACERS health plan, your dependents health coverage will also be terminated and your (and your dependents') Medicare Part D prescription drug coverage that LACERS includes in its medical plans will also be cancelled. Your LACERS medical subsidy will terminate, and your Medicare Basic Part B premium reimbursement will also terminate. Additionally, Social Security may assess lifetime penalties when you re-enroll in Medicare Part B and Part D.

CMS Medicare One Plan Requirement

In addition to Parts A and B, Medicare and LACERS offer supplemental plans. The Centers for Medicare & Medicaid Services (CMS) allows you to have only one Medicare Advantage plan. If you enroll in a Medicare Advantage plan outside of your LACERS medical plan, you may lose your LACERS medical coverage, even if the plan is from the same insurance company but sponsored by a different organization (e.g., the Los Angeles County Employees' Retirement Association Kaiser Permanente Senior Advantage plan).

MEDICARE PART D INFORMATION SHEET

Medicare Part D is a federal program that subsidizes the prescription drugs costs of Medicare enrollees in the United States. It became effective January 1, 2006 as part of the Medicare Prescription Drug, Improvement, and Modernization Act of 2003 (MMA).

Medicare Part D & Your LACERS Medical Plan

Medicare Part D is included as part of your LACERS medical plan, in an amount that and equals or exceeds the Standard Benefit under Medicare Part D and that satisfies the Medicare creditable coverage requirement.

Medicare Part D Enrollment Requirements

For Medicare-eligible subscribers in Kaiser Permanente Senior Advantage, SCAN, or UnitedHealthcare Medicare Advantage HMO: You are enrolled automatically in Medicare Part D when you enroll in your LACERS medical plan.

For Medicare-eligible subscribers in Anthem Blue Cross HMO, PPO, or Anthem Blue Cross Medicare Preferred PPO Plan: You must complete a form to assign your Medicare Part D to your LACERS medical plan. Contact LACERS for the appropriate form.

Termination of Your LACERS Plan

Do not enroll in Medicare Part D separately from your LACERS medical plan. Enrolling or disenrolling in Medicare Part D on your own or through another group plan will cause your medical subsidy to be terminated and may cause your LACERS medical coverage to be terminated.

Exception: If you are enrolled the LACERS' Medical Premium Reimbursement Program (MPRP) and your non-LACERS medical plan does not include Medicare Part D, you may enroll in supplemental Medicare Part D insurance in order to maintain creditable coverage (i.e., the Standard Benefit under Medicare Part D).

In addition, if you default on paying your Medicare Part B premiums and are terminated from your LACERS health plan, your and your dependents' Medicare Part D will also be cancelled. The Social Security Administration may assess lifetime penalties when you re-enroll in Medicare Part D.

Medicare & Living Outside the United States

You may not need to enroll in Medicare if you reside permanently outside the U.S. and its territories. However, if you later decide to reside in the U.S., Social Security may penalize you if you did not enroll in Medicare by age 65 or allowed your Medicare premiums to lapse.

Contact Social Security regarding Medicare rules, regulations or penalties that may affect your medical plan coverage.

Medicare Part D Income-Related Monthly Adjustment Amounts (IRMAAs)

On January 1, 2011, as part of the Patient Protection and Affordable Care Act and the Health Care and Education Reconciliation Act of 2010, higher income-earning Medicare enrollees must now pay an Income-Related Monthly Adjustment Amount (IRMAA) for their Medicare Part D prescription drug coverage. Social Security will notify you about your Medicare premiums and if you are required to pay Medicare Part D IRMAAs.

If you receive Social Security benefits, Social Security will deduct your IRMAA from your Social Security check. If you do not receive a Social Security check, the Centers for Medicare and Medicaid Services (CMS) will bill you directly for your IRMAAs.

In addition, if you are enrolled in the LACERS' Medical Premium Reimbursement Program, LACERS may reimburse you for the supplemental Medicare Part D basic premiums you pay in order to maintain creditable Medicare Part D coverage. However, your LACERS reimbursement will not include any IRMAAs.

Reminder

Although the Medicare Part D *basic* premium is already included in the senior plan premiums of LACERS' medical plans, the IRMAA portion of Medicare Part D is not. You must pay any Medicare Part B and Part D IRMAAs assessed by Social Security. Because LACERS requires you to maintain your Medicare enrollment in order to continue receiving your medical plan premium subsidy, failure to pay your IRMAAs will result in the termination of your LACERS medical subsidy and medical benefits.
