

## Non-Emergency Transportation

Our transportation benefit provides non-emergency medical transportation to plan approved locations.

Two buy-up options offered:

- Low option - 12 trips
- High option - 36 trips

(One way = 1 trip, 60 mile limit per trip)

Eligible retirees can use this benefit for going to medical visits, SilverSneakers® locations, and the pharmacy.

To receive transportation, retirees must call the plan approved vendor directly and request transportation 48 hours in advance.
